Additional Information

Achievement Network’s assessments are not sold as off-the-shelf options, but instead as a component of our integrated model after working with the district or school to determine fit and appropriate service level. Additional services and partnership opportunities through Achievement Network (ANet) include the following.

PARTNERSHIPS

Intensive Partnership

- **Goal:** ANet’s standard model, with greater frequency of coaching and professional development. This level of partnership is designed for schools that want more frequent support, and allows for additional time and resources to be dedicated to their school’s needs, providing further advancement in student achievement.
- **What is included:** Approximately 25-30 coaching interactions, ANet interim assessments, access to myANet, and invitations to network professional development sessions.
- **Languages available:** English language assessments and resources available for grades 3-8 in both math and language arts. Spanish language assessments and resources available for grades 3-8 in math and grades 3-5 in language arts. Spanish math assessments are transadapted and Spanish language arts assessments are developed with authentic Spanish language texts.
- **Pricing:** Starting at \$45,000 per school

Full Partnership

- **Goal:** ANet's standard model. The goal for Full Partnership is to learn about a school's needs, priorities, and existing routines, then work with school leaders to strengthen practices from that starting point. ANet utilizes best practices across our network of educators in 525 schools to help support great teaching that's grounded in standards and informed by data.
- **What is included:** Approximately 15-20 coaching interactions, ANet interim assessments, access to myANet, and invitations to network professional development sessions.
- **Languages available:** English language assessments and resources available for grades 3-8 in both math and language arts. Spanish language assessments and resources available for grades 3-8 in math and grades 3-5 in language arts. Spanish math assessments are transadapted and Spanish language arts assessments are developed with authentic Spanish language texts.
- **Pricing:** Starting at \$33,000 per school

Foundations Year Partnership

- **Goal:** For schools building readiness, a Foundations Year partnership allows us to build the conditions for an impactful Intensive or Full partnership after an introductory year.
- **What is included:** Approximately 10-15 coaching interactions, access to myANet, and invitations to network professional development sessions.
- **Pricing:** Starting at \$25,000 per school

High School Partnership

- **Goal:** ANet supports High Schools by developing and implementing best practices to setup up and execute a strong Teaching and Learning Cycle through an integrated system of customized coaching and professional development.
- **What is included:** Approximately 20 coaching interactions, ANet interim assessments, access to myANet, and invitations to network professional development sessions.
- **Pricing:** Starting at \$18,000 per schools for schools with less than 200 students and \$25,000 per school for schools with greater than 200 students.

System Partnerships

- **Goal:** Partnership for systems that want additional coordination or training support at the department, district or network level to accompany their school-level partnership. These are multi-year engagements designed to accelerate the practice of schools utilizing ANet tools and coaching.
- **What is included:** Partnership building through regularly scheduled meetings, implementation support, group professional learning, progress monitoring, school-level coaching, and myANet logistics support.
- **Pricing:** \$33,000 - \$125,000 depending on scope of work

ADDITIONAL SERVICES

System Advising

- **Goal:** An intensive engagement of up to six months designed to tackle big systemic barriers to quality classroom instruction relating to assessment, instructional materials, and/or professional learning strategies.
- **What is included:** Strategic use of assessments, professional learning, and standards aligned materials.
- **Pricing:** \$33,000-\$80,000 depending on scope of work and systems' size and complexity
