2015 VISION

Coordinated Approach: The Early Childhood System of Local Networks

EARLY CHILDHOOD LEGISLATIVE FRAMEWORK

LOCAL COMMUNITIES ARE LEADING THE WAY

Pilots Serve as Foundation for the System of Local Networks

Pilot, Listen, Launch

- Pilot: State will pilot strategies for developing unified system
 - Pilots will lead the way for statewide implementation by:
 - Communicating what has worked and what has not worked
 - Working with State to identify replicable practices and models
 - Identifying and cultivating centers of excellence (*i.e., models and resource centers*)
- Listen: State will proactively and purposefully ask for feedback and guidance
- Launch: State will launch strategies through Local Networks
- **Full implementation is achieved through expanding the Local Networks statewide**

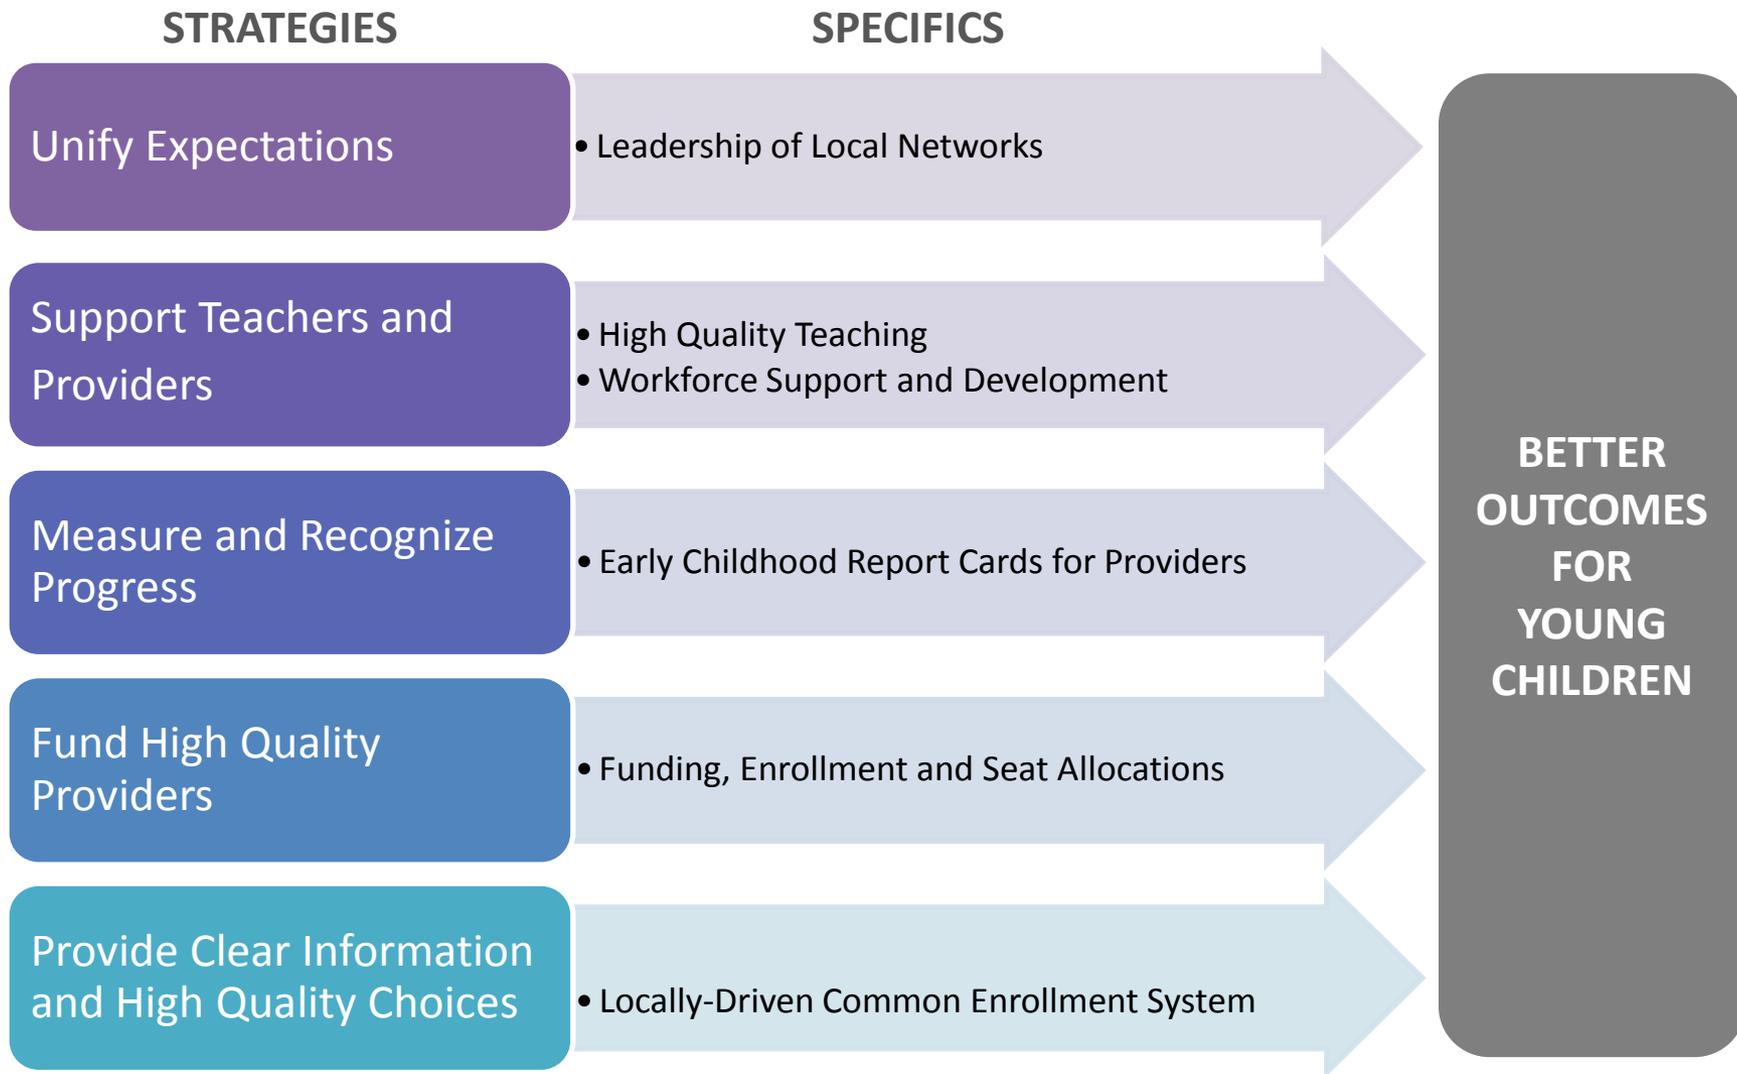

New Local Networks Launched in Rounds

- Continue to be an opt-in system, until the last round of Local Networks

STRATEGIES FOR SUCCESS

Identifying Specific Roadmap Areas

ROADMAP

Strategy: Unify Expectations

Unified expectations identify the same threshold of quality for all provider types.

Expectations For	Expectations Set Through
Children	<ul style="list-style-type: none">- Early Learning and Development Standards (<i>April 2013</i>)
Teachers	<ul style="list-style-type: none">- CLASS®: provides information needed to reflect on and improve teaching practice- TS GOLD™: provides information on child progress for teachers to guide instruction
Providers	<ul style="list-style-type: none">- Streamlined licensing regulations (<i>draft by December 2013</i>)- Receipt of public funds, which demands high quality
