

JUMP START SUMMERS PROGRAM

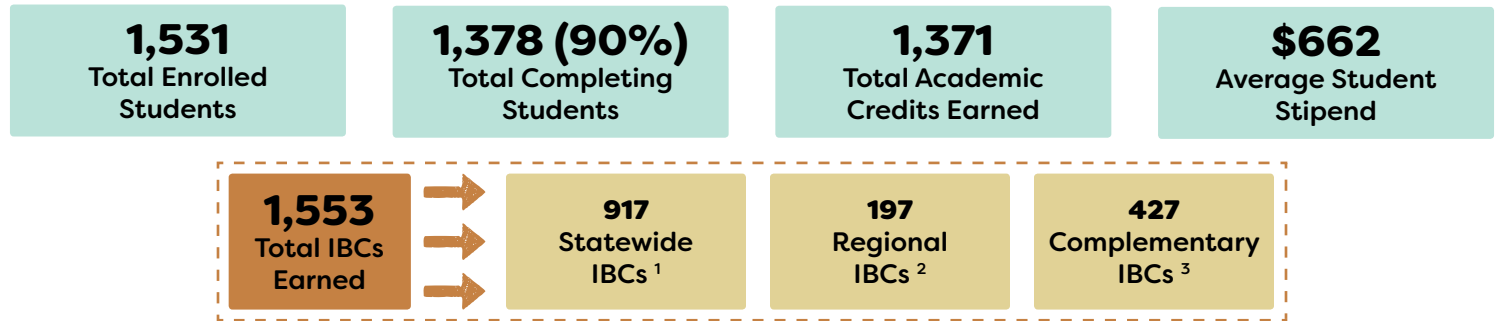

The Louisiana Jump Start Summers program, funded by Supplemental Course Allocation (SCA), offers high school students the opportunity to engage in work-based learning or job shadowing with the state's top industry partners and earn a wage during the summer months.

Jump Start Summers programs offers students the opportunity to:

- 1) **earn industry-based credentials (IBCs)** in their areas of career interest;
- 2) **earn academic credits** during the summer;
- 3) **engage in workplace-based learning** to practice workplace "soft skills" behaviors and communication skills; and
- 4) **receive a summer wage** based on attendance, engagement, and achievement.

OVERVIEW: RESULTS OF THE 2018 JUMP START SUMMERS PROGRAMS

PROGRAM HIGHLIGHTS

- All programs offer students Carnegie Unit(s), Industry-Based Credentials, job shadowing opportunities and a stipend.
- Students earned their summer stipend based on meeting attendance, engagement, and (in many programs) certification standards.
- Programs were offered in the following industries: Automotive, Business, Construction, Healthcare, Hospitality, Tourism and Retail, Manufacturing, and Information Technology.

For full details on the overall success of the program, and individual district and provider experiences, view the [Jump Start Summers 2018 Evaluation Report](http://www.louisianabelieves.com/docs/default-source/jumpstart/jump-start-summers-2018-evaluation-report.pdf).⁴

¹ Statewide IBCs offer the greatest "employability value," indicating that credential holders have mastered critical knowledge and skills essential to attaining entry-level employment in high-wage, high-demand industry sectors that will drive Louisiana's future prosperity

² Regional IBCs indicate that credential holders have mastered critical knowledge and skills for industry sectors that are either lower-wage and/or concentrated only in specific regions of the state

³ Complementary IBCs offer employability value in all industry sectors but on their own do not qualify the credential holder to attain entry-level employment (Examples: First Aid, OSHA 10 safety certification, Microsoft Office software certifications)
