How will the LEA allocate funds to students most impacted by the COVID-19 pandemic? (Please describe the formula or decision-making rubric to allocate funds across schools.)

JCFA is a single site charter school organization serving students who are over-aged and under credited or who have dropped out or are in danger of dropping out of school. Based on the population JCFA serves, JCFA uses a whole school model for interventions. All students are provided with individualized direct tutoring in the classroom, 20 hours of LEAP remediation prior to testing, and teachers can identify students for additional supports from the reading and math interventionist. Teachers use course pace/progression, in-course assessment data, and LEAP data to identify students who need pull-out specialized supports. Supports can occur during the class day or in the extended school day schedule.

Which evidence-based activities will the LEA invest in? (check all that apply)

- High-dosage tutoring (ELA and Math) (If tutoring takes place during summer school or before or after school programs, please use those categories.)
 - Partner with [high-quality vendors](#) to provide tutoring during the school day
 - Tutoring provided by LEA educators who have been trained in providing high-quality tutoring during the school day
- [Literacy interventions and extensions](#)
- [Professional learning](#) to teachers aligned with high-quality materials

Will the LEA serve students in grades three through eight in the 2023-2024 academic year?

- No

Type of Academic Support (select all that apply)

- Accelerated instruction (beginning no later than 30 days after student(s) are identified)

Will the LEA make significant changes in providing targeted learning supports during the 2023-2024 school year? (Hiring new positions, establishing new teams, adopting new curriculum/ resource, revamping schedules, etc.)

- No

Key Investment: Before and After School Programs
