##### How will the LEA allocate funds to students most impacted by the COVID-19 pandemic? (Please describe the formula or decision-making rubric to allocate funds across schools.)

The LEA consists of only one school. Data obtained from Spring 2023 LEAP assessments identified 68 percent of ELA students and 83 percent of Math students who scored below mastery or above on the statewide assessment (LEAP 2025). The data will be used to provide identified students access to programming to include small group tutoring both during the school year and during summer programming. ANET diagnostic and benchmark assessments will be administered throughout the school year to determine the most appropriate support for students. Additional CSR personnel will be hired to provide high dose tutoring and intervention to students to address learning loss and acceleration. Student demographic information and assessment data will be used to identify students most in need of support and those students, along with students who were not engaged during last school year, will have priority placement within small groups. Students will be grouped to provide maximum targeted support. Student group placement will be prioritized so that these students will be placed in classes taught by the most highly effective teachers available.

##### Which evidence-based activities will the LEA invest in? (check all that apply)

- High-dosage tutoring (ELA and Math) (If tutoring takes place during summer school or before or after school programs, please use those categories.)
  - Partner with [high-quality vendors](#) to provide tutoring during the school day
  - Tutoring provided by LEA educators who have been trained in providing high-quality tutoring during the school day
- [Literacy interventions and extensions](#)
- [Reading screener](#) three times a year (K-3)
- [High-quality quality curriculum](#)
  - [ELA Guidebooks](#)
  - [Bayou Bridges \(Social Studies\)](#)
  - [OpenSciEd Pilot](#)
- High-quality assessments aligned with instructional materials
- [Professional learning](#) to teachers aligned with high-quality materials

##### Will the LEA serve students in grades three through eight in the 2023-2024 academic year?

- Yes

If yes, please explain how the LEA will provide expanded academic support for students in grades three through eight who failed to achieve mastery on any statewide assessment administered pursuant to the state's school and district accountability system in reading or math in the previous academic year? (All areas outlined in [RS 17:100.13](#) should be addressed)
