

Professional Development for Louisiana Educators

Session Overview

This session explores Zearn's approach to implementation. Participants will explore the integrated supports that ensure all students are able to access math learning with Zearn and consider how to leverage Zearn materials to provide hands-on and independent learning. Participants will then deepen their understanding of how to interpret the student productivity, progress, and misconception data captured in Zearn Class Reports. Finally, participants will conclude their time in the session by applying their learnings to their own classrooms, schools and districts and leave with a data driven action plan to ensure every student gets the support they need.

Virtual Sessions

ALL TIMES IN CST**Tuesday, March 14** 3:30-5:30pm**Tuesday, July 25** 9:00-11:00am**Wednesday, May 15** 3:30-5:30pm**Wednesday, July 26** 9:30-11:30am[Register here](#)

Onsite Sessions

May 30-June 2 Times TBD (*register through conference app*)

Louisiana TL Conference, New Orleans

Tuesday, June 6 1:00-3:00pm
