

The Office of Special Education Programs (OSEP) requires states to gather information from students **one year** post high school exit as part of the State Performance Plan / Annual Performance Report (SPP / APR) Indicator 14: Post-School Outcomes. All states must now report in alignment with the term “competitive integrated employment” and its definition, in section 7(5) of the Rehabilitation Act, as amended by Workforce Innovation and Opportunity Act (WIOA), and 34 CFR §361.5(c)(9). This survey is intended to include elements of competitive integrated employment and collect data on students who are no longer in secondary school and had IEPs in effect at the time they left school. This includes students who graduated with a regular diploma or some other credential, dropped out, or aged out.

- 1) In the 12 months after leaving high-school, have you ever been enrolled in any school, job training, or education program?
 - No → Go to Question 4
 - Yes → Go to Questions 2 and 3
 - No Answer
