**PURPOSE**
This document is designed to assist Louisiana educators in understanding the LEAP 2025 Social Studies assessment for grade 3.

**Introduction**
Students in grades 3–8 and U.S. history will take the LEAP 2025 Social Studies assessments, which provide
- questions that have been reviewed by Louisiana educators to ensure their alignment to the K-12 Louisiana Student Standards for Social Studies and appropriateness for Louisiana students;
- ability to measure the full range of student performance, including the performance of high- and low-performing students; and
- information for educators and parents about student readiness in social studies and whether students are “on track” for college and careers.

**Social Studies Vision for Instruction and Assessment**
To be productive members of society, students must be critical consumers of the information they read, hear, and observe. To develop and express informed opinions, they need to build knowledge of the world by examining and evaluating information from an array of sources. The goal in social studies is to prepare students for civic life by helping them to become knowledgeable about the world, able to express reasoned arguments, and equipped to take informed action. To accomplish this, students must consistently do the following in their social studies class:

- Learn content through the exploration of high-quality, complex sources
- Engage in the majority of the thinking and speaking
- Practice using well-chosen evidence to support claims in a way that is logical and cohesive
Simply stated, students must delve deeply into \textit{content} so that they are able to develop and support \textit{claims} about social studies concepts.

The LEAP 2025 Social Studies assessments reflect the instructional priorities for social studies:

- **Content**: Students answer meaningful questions to demonstrate an understanding of social studies \textit{content} and concepts.
- **Claims**: Students apply understanding of social studies \textit{content} and concepts by expressing and developing well-informed \textit{claims} in a way that is logical and cohesive.

**ASSESSMENT DESIGN**

**Supporting Key Shifts in Social Studies Instruction**

Louisiana students in grades 3-8 and U.S. History take LEAP 2025 social studies assessments, which measure students’ knowledge of the \textit{K-12 Louisiana Student Standards for Social Studies} and provide students with opportunities to apply their understanding of social studies \textit{content} and concepts by making connections and showing relationships among ideas, people, and events within and across time and place. Students use both their \textit{content knowledge} and the \textit{sources} embedded in the assessment to develop their ideas and support their \textit{claims}.

**Set-Based Design**

The LEAP 2025 Social Studies assessments have a set-based design:

- One to four related source documents provide the context from which students answer sets of questions.
- Questions ask students to use content knowledge and the source documents to show an understanding of social studies content and concepts. Sets may contain items aligned to GLES across more than one category or within a single category.
- Item sets include selected-response questions (multiple choice, multiple select) and some sets culminate with a short constructed-response question.

Standalone selected-response items, which are not part of task or item sets, are also part of the test to provide for greater coverage of assessable content.

**Source Documents**

Sets and standalone items include a variety of source documents, such as:

- excerpts from text-based primary or secondary sources
- authentic and/or historical maps
- charts, tables, and/or graphs
- timelines and/or series of events
- graphic organizers and/or diagrams
- illustrations, paintings, and/or photographs
- historical posters and/or political cartoons
Assessable Content

All K-12 Louisiana Student Standards for Social Studies for grade 3 are eligible for assessment. Item sets that assess content from the final unit of the Social Studies Sample Scope and Sequence for Grade 3 include carefully chosen source documents that allow students to respond using their social studies skills and content knowledge from previous units.

Item Types

- **Selected Response (SR):** This item type includes traditional multiple-choice (MC) questions with four answer options and only one correct answer, as well as multiple-select (MS) questions with more than four answer options and two or more correct answers. All SR items are worth one point each and partial credit cannot be earned. MS questions for grade 3 have five to six answer options; the stem of the question identifies the number of correct answers required. All SR items are worth one point each and partial credit cannot be earned.

- **Constructed Response (CR):** This item type appears at the end of some item sets and asks students to write a brief response to a question that is scored using an item-specific rubric with a scale of 0-2 points. Some CR items may include two parts in order to support the assignment of two score points.

Test Design

*Field test items may be placed anywhere within the test session and do not count toward a student’s final score on the test.
The design of the LEAP 2025 Grade 3 Social Studies Practice Test differs from the design of the operational test since it includes a task set with an extended-response item. Because students in grade 3 should learn how to make claims supported by evidence from sources and content knowledge, it is essential that teachers incorporate extended-response tasks into classroom instruction and formative classroom assessments. Having students work through task sets in grade 3 offers opportunities for students to express claims while continuing to build knowledge of priority content found in the Grade 3 Social Studies Companion Document. The use of extended-response task sets in the classroom will deepen students’ understanding of the content and help students make connections across time and place, which will prepare students for expressing valid claims in later grades.

REPORTING CATEGORIES

The LEAP 2025 Social Studies reports at grades 3-8 provide an overall score and achievement level as well as performance information for the categories of History, Geography, Civics, and Economics so that teachers can better understand overall strengths and weaknesses. The table below shows the approximate percentage of points in each reporting category for the grade 3 LEAP 2025 Social Studies assessment.

Achievement-Level Definitions

Achievement-level definitions briefly describe the expectations for student performance at each of Louisiana’s five achievement levels. The achievement levels are part of Louisiana’s cohesive assessment system and indicate a student’s ability to demonstrate proficiency on the Louisiana student standards defined for a specific course. Achievement level descriptors (ALDs) are content specific and describe the knowledge, skills, and processes that students typically demonstrate at each achievement level. Grade 3 Social Studies Achievement Level Descriptors are available in the Assessment library.

The following list identifies the achievement-level definitions for the LEAP 2025 assessment program:

- **Advanced**: Students performing at this level have exceeded college and career readiness expectations and are well prepared for the next level of study in this content area.
- **Mastery**: Students performing at this level have met college and career readiness expectations and are prepared for the next level of study in this content area.
Basic: Students performing at this level have nearly met college and career readiness expectations and may need additional support to be fully prepared for the next level of study in this content area.

Approaching Basic: Students performing at this level have partially met college and career readiness expectations and will need much support to be prepared for the next level of study in this content area.

Unsatisfactory: Students performing at this level have not yet met the college and career readiness expectations and will need extensive support to be prepared for the next level of study in this content area.

TEST ADMINISTRATION
Administration Schedule
All LEAP 2025 assessments are computer-based tests (CBT), but school systems may choose to administer paper-based tests (PBT) for grade 3. School systems have until October 31, 2020, to choose CBT or PBT. In response to the delay of school system openings due to COVID-19, the LEAP 2025 spring testing dates have been rescheduled. The computer-based testing window opens April 26, 2021, and runs through May 26, 2021. The school or district test coordinator will communicate each school’s testing schedule. All LEAP 2025 tests are timed. No additional time is permitted, except for students who have a documented extended time accommodation (e.g., an IEP).

Scheduling Requirements for Computer-Based Testing
Computer-based testing allows school systems some flexibility in scheduling. However, to reduce incidences of testing irregularities, school systems must adhere to the following scheduling and administration practices:

- Testing students in the same grade level across the school at or very close to the same time
- Completing makeup testing for students immediately upon their return
- Limiting student interaction during breaks between test sessions
- Isolating students who have not completed testing for the day (e.g., students with extended time accommodation)
- Preventing interaction between groups of students taking the same tests at different times within a testing day
- Requiring the completion of a session once it is opened (i.e., limiting the reopening of test sessions)
- Taking the sessions within a content area in the correct order (e.g., ELA Session 1 taken before ELA Session 2)

We also recommend:
- limiting sessions to no more than three in one day for a student; and
- administering no more than one session that includes an extended-response task or writing prompt (i.e., grades 5-8 Social Studies Session 2, ELA Session 1, ELA Session 2) in a day to an individual student.

For more information about the scheduling of the CBT and online administration policies, refer to the Online Scheduling Guidance document, found in the LDOE Assessment library.
Administration Schedule for Paper-Based Tests

In response to the delay of school system openings due to COVID-19, the LEAP 2025 spring testing dates have been rescheduled as shown below and in the newly revised [2020-2021 assessment calendar](#). The table below shows the PBT schedule for grade 3.

Testing Materials

All students must receive scratch paper and pencils from their test administrator for each test session. Provided scratch paper must **not** have any writing on it. Scratch paper must be collected at the end of each session, and any scratch paper with writing must be returned to the school test coordinator.
Computer-Based Tests

Students will enter their answers into the online testing system. The way each answer is entered depends on the item type. When composing their written responses for a social studies constructed-response item, students will type their responses into an answer box, like the one shown.

The toolbar at the top of the response box allows students to undo or redo an action; and add boldface, italics, or underlining to their response. There is a limit to the amount of characters that can be typed into the response box; however, it is set well beyond what a student might produce given the LEAP 2025 expectations for written responses and timing. The character count is not included on the response box so students focus on the quality of their responses rather than the amount of writing.

The following online tools allow students to select answer choices, “mark” items, eliminate answer options, take notes, enlarge the item, and guide the reading of a text or an item line by line (similar to what a student can do on the paper-based tests). A help tool is also featured to assist students as they use the online system.

- Pointer tool
- Sticky Note tool
- Line Guide
- Highlighter tool
- Magnifying tool
- Help Tool
- Cross-Off tool

All students should work through the Online Tools Training (OTT), available in INSIGHT or here using the Chrome browser, to practice using the online tools so they are well prepared to navigate the online testing system.
Paper-Based Tests

Students taking the paper-based tests will enter all answers in their test booklets. There will be no separate answer documents. Instructions for how to manage the test booklets will be outlined in the Test Administration Manual.

Entering Responses in the PBT Booklet

Multiple-choice questions for grade 3 have four answer options. Students will shade the bubble of the one correct answer.

Option A
Option B
Option C
Option D

Multiple-select questions for grade 3 have five or six options. Students will fill in the number of correct answers identified in the stem of the question. The number of correct answers will vary from task to task. The sample asks for two correct answers.

Option A
Option B
Option C
Option D
Option E

The following information presents guidelines for marking/writing in the LEAP 2025 social studies test booklets:

- Students are encouraged to mark the sources and questions in the test booklet (e.g., highlight or underline evidence, annotate the source document, circle key words in the questions, etc.).
- Students may use yellow highlighters to highlight text in the test booklet.
- Highlighting text in options and placing an X to the right of the text in an option are recommended ways for students to eliminate options. However, crossing out options could create scoring issues if students mark through answer circles.
- When students are answering items requiring written responses, they should make sure to write their responses in the space(s) provided. Any information written outside the space or which has been scratched out in the printed test booklet will not be scored.

SAMPLE TEST ITEMS

The LEAP 2025 Grade 3 Social Studies Practice Test is available as a PDF here and in the DRC INSIGHT Portal (eDIRECT). The online test is available through the teacher access link. A sample Social Studies Grade 3 Item Set - The Louisiana Purchase and sample Social Studies Grade 3 Task Set - Producers and Consumers are available in the LDOE Assessment Guidance library. The practice test, sample item set, and sample task set provide examples of how content and claims may be assessed in grade 3. They include source documents, selected-response items, constructed-, and extended-response questions.

Information associated with the sample items (i.e., answer keys/rubrics and alignment) is located in Appendix A. While there is no extended-response item on the operational assessment, students should be responding to task sets with extended-response questions in the classroom to better understand how to make claims supported by evidence.
Use the two sources and your knowledge of social studies to answer the questions.

Source 1

Based on Source 1, which statement describes an effect of the Louisiana Purchase?

- **a** It cost the United States about $15 million, or four cents an acre, to purchase Louisiana from France.
- **b** It decided where the final borders of the United States would be located and opened the area for exploration.
- **c** It increased the land area of the United States, opening the way for westward expansion and trade on the Mississippi River.
- **d** It provided easy access to territories in the Northwest, which the United States hoped to buy from Britain.
Multiple-Select Item

Use the two sources and your knowledge of social studies to answer the questions.

**Timeline of Events Leading to the Louisiana Purchase**

What was France’s interest in the territory known as Louisiana?

Select the **three** correct answers.

- [ ] France explored the territory in the 1600s.
- [ ] France purchased the territory from Spain.
- [ ] France found the Northwest Passage through the territory in the 1500s.
- [ ] France established scattered settlements in the territory in the 1600s and 1700s.
- [ ] France sold the territory to the United States.
- [ ] France declared war with England to regain the territory.
Construct a response to explain how gaining control of the Louisiana Territory would make the United States safer and protect the nation's trade.

**Timeline of Events Leading to the Louisiana Purchase**

- 1682: La Salle claims for France all territory drained by the Mississippi River and names it Louisiana.
- 1762: France gives New Orleans and the Louisiana Territory west of the Mississippi River to Spain.
- 1800: Spain secretly renames the Louisiana Territory to Florida.
- 1801: New Orleans is closed to American shipping.
- 1802: Napoleon Bonaparte makes peace with France.
- 1803: Comissioners James Monroe and Robert Livingston make an agreement to pay France $15 million for the whole Louisiana Territory. In July, the territory becomes part of the United States.
