

Test	Who takes the test?	What does the test measure?	How are results reported?
LEAP 2025	Grades 3-8 ELA, math and social studies	These assessments are aligned to the Louisiana Student Standards which were developed with significant input from Louisiana educators.	<p>For Students: Student reports that outline how students performed overall and within specific subcategories of the content area.</p> <p>For Public: View school and district results.</p>
Science Field Tests	Grades 3-8 Science	The new LEAP 2025 science assessments for grades 3-8 will be field tested in the spring of 2018 and fully implemented in the spring of 2019.	The results from the science field test will only be used to inform the creation of the operational test in 2019, and therefore students and schools will not receive results.
National Assessment of Education Progress (NAEP) <i>select schools and students</i>	Grades 4 and 8	The National Assessment of Educational Progress (NAEP) is the largest continuing and nationally representative assessment of what the nation's students know and can do in subjects such as mathematics, reading, science, and writing.	<p>For Students: Students do not receive individual scores.</p> <p>For Public: NAEP releases a statewide report. View the 2015 report.</p>
English Language Proficiency Test (ELPT)	Students who are learning English as a second language are assessed annually using the ELPT	The ELPT assessment measures proficiency in listening, speaking, reading and writing.	Student results are provided to parents and schools in a student report that outlines how the student performed overall, and within specific subcategories of the content area.

Alternate Assessments			
Test	Who takes the test?	What does the test measure?	How are results reported?
<p>Louisiana Educational Assessment Program (LEAP) Alternate Assessment, Level 1 (LAA1) for science only</p>	<p>Students in grades 4 and 8 with significant cognitive disabilities are eligible to take the LAA1 for science only.</p>	<p>The LAA 1 is based on extended standards that capture the core academic content of academic standards.</p>	<p>Student results are provided to parents and schools in a student report that outlines how the student performed overall, and within specific subcategories of the content area.</p>
