UNDERSTANDING REPORTING INFORMATION

Student performance is reported by overall achievement level and then broken down into subcategories, which are aspects of the major ELA categories of Reading and Writing.

Achievement Level Definitions

Achievement level definitions briefly describe the expectations for student performance at each of Louisiana’s five achievement levels:

• **Advanced**: Students performing at this level have exceeded college and career readiness expectations, and are well prepared for the next level of studies in this content area.

• **Mastery**: Students performing at this level have met college and career readiness expectations, and are prepared for the next level of studies in this content area.

• **Basic**: Students performing at this level have nearly met college and career readiness expectations, and may need additional support to be fully prepared for the next level of studies in this content area.

• **Approaching Basic**: Students performing at this level have partially met college and career readiness expectations, and will need much support to be prepared for the next level of studies in this content area.

• **Unsatisfactory**: Students performing at this level have not yet met the college and career readiness expectations, and will need extensive support to be prepared for the next level of studies in this content area.

ELA Reporting Categories

Student performance on the LEAP 2025 English Language Arts assessments will be reported by category and subcategory as outlined in the following table.
Achievement Level Descriptors

Achievement Level Descriptors (ALDs) indicate what a typical student at each level should be able to demonstrate based on his or her command of grade-level standards. In ELA, the ALDs are written for the two assessment categories of Reading and Writing.

The information for the **Reading ALDs** comes from the items that measure the Reading subcategories, which include all selected-response items and the reading points from the prose-constructed response (PCR) items on the Research Simulation Task and the Literary Analysis Task. The PCR at the end of the Narrative Writing Task does not measure reading. Selected-response items ask students to select from a set of given answer options, rather than providing their own responses, and include Evidence-Based Selected-Response (EBSR), Multiple-Select (MS), and Technology-Enhanced (TE) items. For more information about item types, see the Grade 6 ELA Assessment Guide.

The information for the **Writing ALDs** comes from the writing subcategories, measured by the PCR items, which ask students to provide an extended and complete written response to a prompt that acts as the culmination of the tasks on the LEAP 2025 ELA tests (i.e., Research Simulation Task and Literary Analysis or Narrative Writing Task). The rubrics used to score the PCRs can be found in the Assessment Guidance library. For more information about the PCRs and the scoring rubrics, refer to the Grade 6 ELA Assessment Guide.

The tables that follow describe the ALDs for Reading and Writing for grade 6. The underlining within the Reading table identifies a student’s level of understanding as it pertains to the different levels of complexity of the passages on the LEAP 2025 tests, while the underlining within the Writing table identifies the degree of success a student has with the different writing elements.

**In Reading, the pattern exhibited by student responses indicates:**

- **With very complex text,** students demonstrate the ability to do mostly accurate analyses of the text, showing understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

- **With moderately complex text,** students demonstrate the ability to do mostly accurate analyses of the text, showing understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

- **With readily accessible text,** students demonstrate the ability to do mostly accurate analyses of the text, showing understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

**In Reading, the pattern exhibited by student responses indicates:**

**In Reading, the pattern exhibited by student responses indicates:**

- **With very complex text,** students demonstrate the ability to do generally accurate analyses of the text, showing understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

- **With moderately complex text,** students demonstrate the ability to do minimally accurate analyses of the text, showing basic understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

- **With readily accessible text,** students demonstrate the ability to do mostly accurate analyses of the text, showing understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

**In Reading, the pattern exhibited by student responses indicates:**

- **With very complex text,** students demonstrate the ability to do minimally accurate analyses of the text, showing limited understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

- **With moderately complex text,** students demonstrate the ability to do minimally accurate analyses of the text, showing limited understanding of the text when referring to explicit details and examples in the text and when supporting sound inferences drawn from the text.

In **Writing**, students address the prompts and provide **effective development** of ideas, including when drawing evidence from multiple sources, while demonstrating effective coherence, clarity, and/or cohesion.

The student:
- Provides effective development of the claim, topic, and/or narrative elements, using clear reasoning, details, text-based evidence, and/or description.
- Develops claim, topic, and/or narrative elements in a manner that is mostly appropriate to the task, purpose, and audience.
- Demonstrates general coherence, clarity, and cohesion and includes an introduction, conclusion, and **logically grouped** ideas.
- Establishes and maintains an **effective style**, while attending to the norms and conventions of the discipline.
- Effectively draws evidence from literary or informational texts to support analysis, reflection, and research.

In **Writing**, students address the prompts and provide **basic development** of ideas, including when drawing evidence from multiple sources, while generally demonstrating basic coherence, clarity, and/or cohesion.

The student:
- Provides some development of the claim, topic, and/or narrative elements by using basic reasoning, details, text-based evidence, and/or description.
- Develops claim, topic, and/or narrative elements in a manner that is somewhat appropriate to the task, purpose, and audience.
- Demonstrates some coherence, clarity, and/or cohesion, making the writer’s progression of ideas somewhat unclear.
- Employs a **minimally effective** style, and minimal awareness of the norms of the discipline.
- Draws minimal evidence from literary or informational texts to support analysis, reflection, and research.

In **Writing**, students address the prompts and provide **minimal development** of ideas, including when drawing evidence from multiple sources, while demonstrating minimal coherence, clarity, and/or cohesion.

The student:
- Provides minimal development of the claim, topic, and/or narrative elements, using minimal reasoning, details, text-based evidence, and/or description.
