Eric Mendel

Paraprofessional • Bains Elementary
West Feliciana Parish School Board

Eric Mendel is an approachable and caring paraprofessional at Bains Elementary School in St. Francisville, LA. Mr. Mendel teaches a leadership ancillary and Spanish class. He has provided resources, brought animals, shared pictures and stories from his personal travels, making the curriculum come to life. Outside of the classroom, he takes every opportunity possible to instill respect and manners in all our students at Bains Elementary. There is no better person to teach service than Mr. Mendel because of the many ways that he models services on a daily basis. In an effort to help more, Mr. Mendel earned his CDL so he could help with bus routes, drive field trips, and assist with field day transportation. Every morning, he drives a bus route before class and in the afternoons, he drives a bus route after his classes. He sets up for school events, removes any animals/critters from unwanted places as he is an animal lover, and helps grade levels with projects. He even dressed up as Sasquatch to bring the first-grade curriculum to life as students read Big Foot Cinderella!

Students love the challenge of learning a foreign language because Mr. Mendel makes the class interesting and engaging. He has also integrated teaching third grade students Cursive during ancillary to lift the load off the homeroom teachers that are trying to get every minute out of their class time. All of these things fall well outside of his job description and have required hours of planning outside of his classroom duties.

He is also a leader outside of school and has been a Boy Scout leader in our community for many years. He uses these experiences to build relationships with students and share his adventures with students when it's relevant. Every challenge he faces is met with a calm, professional response and we are grateful to have him as part of the team!
