**Re: NOTICE – LEVEL 1 - Annual Notice - Be Prepared: Know What to do if a Hurricane or Other Disaster Occurs in Your Parish**

---

The Louisiana Department of Education (LDOE) would like to remind you to be prepared if a hurricane or other disaster occurs in your area or parish. COVID-19 will inevitably change the way all families and businesses in Louisiana prepare for regional disasters this year. This memo contains easy to use information to assist you with becoming prepared for hurricanes and other disasters during the Covid-19 pandemic.

If an emergency covers a large geographical area such as a parish or region of the state, the LDOE will closely monitor conditions out of concern for your safety and for the safety of the children and families you serve. Please know that should a disaster occur and your center or location is in a parish or area that the LDOE determines as impacted by the disaster, your license/certification may be suspended until you obtain post disaster approvals and submit the required Re-Opening Request Form to the LDOE.

In the event of a potential disaster, take the following steps to prepare:

- Stay up-to-date with the status of any storm or other potential natural disaster and its impact on your area.
- Ensure that LDOE has your current cell phone number and email address.
- Review the [Child Care Facility Tool Kit](#) resources on Louisiana Believes.
- Review and update evacuation and safety plans.
