Section 1: Course Choice Objectives

Course Choice is an integral component of *Louisiana Believes*, helping Louisiana students achieve ambitious academic and job readiness goals, while contributing to the state’s policy goal of preparing our students to obtain post-secondary degrees and high-quality, high-wage 21st Century careers.

The primary goals of Course Choice as envisioned in Act 2 remain the same as previously:

- provide course opportunities not available at a student’s school;
- develop innovative career and technical education courses and internship opportunities that prepare students for the types of jobs Louisiana needs filled by Louisiana graduates in order for the state to prosper;
- motivate academically-focused students to graduate high school on time or early, many with college credits to prepare them for post-secondary academic and career success; and
- help students who are behind their class level catch up and graduate on time.

Louisiana’s Course Choice program will continue to recruit traditional and non-traditional course providers to offer a comprehensive selection of rigorous academic and career course offerings.

In its first years of implementation Course Choice has:

- completed an application / selection process that resulted in BESE approval of a cohort of high-quality course providers;
- developed and deployed a registration system scalable to accommodate a growing Course Choice program; and
- launched a Course Choice Counselor Assistance Center, staffed by experienced professional school counselors, to support parents, students and their school counselors in selecting Course Choice course offerings.

Louisiana Course Choice Program Goals

- Students have unprecedented choice in developing personal educational pathways
- Students successfully complete industry-based certification courses, internships and/or apprenticeships
- Students graduate with the skills to enter post-secondary programs and workforce-ready
- Students in grades K – 8 have access to high quality course offerings
- Students graduate on time or early

Course Choice will continue to expand the course offerings available to Louisiana students.

Section 3: RFA Application / Selection Processes

The table below outlines the parallel RFA processes for course providers and course incubators.

Course Provider RFA Process	
Step 1	Course provider applicants submit an electronic application to coursechoice@la.gov Rejected applicants receive feedback, one opportunity to resubmit application
Step 2	Accepted applicants participate in a multi-phase interview (pre-interview submission, interview, follow-up Q&A)
Step 3	LDE schedules and convenes third party independent review panels to review applicants designated "Proceed" based on their interview
Step 4	BESE considers course providers recommended for approval by LDE
Year 1, 2 and 3 course provider applicants that were not BESE-approved will be allowed to re-enter the RFA process where they were eliminated (e.g. an applicant designated <i>Do Not Proceed</i> after its prior interview will be allowed to update its application and immediately enter the Interview process)	

The three-phase course provider RFA process will be:

- **Step 1: Applications** – course provider applications will be submitted online. Rejected applicants will be allowed to revise and resubmit their application based on the Louisiana Department of Education (LDE) input they receive;
- **Step 2: Interviews** – course provider applicants with Accepted applications will proceed to a multi-phase interview process;
- **Step 3: Independent interview panels** – course provider applicants that receive a Proceed designation from their Interviews will have their candidacies reviewed by an independent review panel; and
- **Step 4: BESE review and approval.**

Section 4: Application Eligibility Standards / Application Evaluation Criteria

Eligibility Standards – the enabling legislation for Course Choice established basic eligibility standards that all course providers must meet. Successfully addressing these eligibility standards is a requirement for all applications, but not sufficient for an application to be accepted into the interview stage.

These eligibility standards as articulated in the enabling legislation are:

<i>“Ticket to Play” Application Eligibility Standards (established in enabling legislation)</i>	
1) Course provider complies with law and rules	
2) Proposal is valid, complete, financially well-structured, educationally sound	
3) Proposal provides a plan for collecting data in accordance with R.S. 17:3911 (course evaluation / accountability). See Section 5: List of Appendices for links that provide details on the required components for this data collection	
4) Course offers potential for increased learning opportunities and access to quality education for all Louisiana students	

For the purposes of evaluating the course provider applications submitted, the LDE will interpret these eligibility standards as indicated in the table below.

Eligibility Standard	How the Eligibility Standard will be Assessed
See page 3 above for table: “Course Choice Application Template: Required Components Description”	
1) Course provider complies . . .	Applicant submits a complete application with all required components
2) Proposal is valid . . .	Applicant’s Sections 3 and 4 of Course Choice Required Application Components confirm the applicant’s proposal is educationally sound; Section 7 confirms the applicant is financially well-structured
3) Proposal provides plan . . .	Applicant’s Sections 5 of Course Choice Required Application Components confirms the applicant has an acceptable plan for accountability data collection
4) Course offers potential . . .	Applicant’s Sections 2, 3, 4 and 6 indicate: a) an understanding of Louisiana’s standards for course materials; b) acceptance of Louisiana’s commitment to educate all our children; c) the vision and ability to offer high-quality courses that will help Louisiana students succeed academically and prepare them for the workforce; and d) an ability to offer courses at a competitive, cost-effective tuition

All prospective Course Choice course providers must submit an application package that successfully addresses every one of these application eligibility standards.

All determinations of whether or not a application meets these eligibility standards will be indicated on a “Pass / Fail” basis.

Evaluation Criteria – to ensure the highest quality Course Choice course offerings the LDE developed more demanding *evaluation criteria* for RFA applications. These evaluation criteria are:

- “Comparative Assessment” Application Evaluation Criteria***
- 1) Ability of course provider to help Louisiana achieve key education goals
 - 2) Commitment of course provider to serve special needs students
 - 3) Quality of course content / course design / proposed instructors
 - 4) Commitment of course provider to accountability
 - 5) Cost effectiveness

The LDE will interpret these evaluation criteria as indicated in the table below.

Evaluation Criteria	How the Evaluation Criteria will be Assessed: Evaluation Sub-Components
1) Ability of course provider to help Louisiana achieve key education goals	1) Provider illustrates how its course offering(s) will help Louisiana achieve one or more of the state’s Course Choice Program Goals: <ul style="list-style-type: none"> • Students enter the next, age-appropriate grade on time and on level • Students successfully complete rigorous and advanced high school and post-secondary course work • Students successfully complete industry-based certification courses, programs, internships and/or apprenticeships based on Pathways to Careers • Students graduate on time or early • Students graduate with the skills to enter post-secondary programs or workforce-ready
2) Commitment of course provider to serve special needs students	2a) Provider has a plan of action to serve special needs students
	2b) Provider has materials designed to serve special needs students
	2c) Provider agrees to implement accommodations for a student’s individualized education plan
3) Quality of course content / course design / proposed instructors	3a) Curriculum sources are named; a listing of course instructional materials, facility requirements, and/or technologies is provided

	4e) Provider provides clear standards for reporting its performance
5) Cost effectiveness	5a) Course tuition is at or below the maximum tuition provided by the MFP
	5b) Provider can justify that its course tuition bid(s) is / are at fair market value
	5c) Provider relates its proposed tuition for the course to class materials, activities and quality

All determinations of whether or not an application meets these evaluation criteria will be indicated on a “Pass / Fail” basis.

Evaluation Process Notes – LDE evaluation teams will evaluate every course provider’s application package versus the eligibility standards described above. Application packages that do not “pass” all four eligibility standards will be rejected.

Applicants will be able to revise and resubmit their application package one time should they choose to do so.

LDE evaluation teams will then assess application packages that “pass” all four eligibility standards versus the five evaluation criteria. Applications packages must “pass” on each evaluation criterion, *but for each application LDE does not have to address each of the evaluation sub-components (articulated on page 8) to achieve a passing grade. If an application package achieves a “pass” on a majority of sub-criteria, then the application package will achieve a “pass” for that evaluation criterion.*

A course provider’s application package will be accepted for interview if:

- the application package achieves a “pass” on all four eligibility standards;
- the application package achieves a “pass” on all five evaluation criteria; and
- the application package conforms with all of the RFA’s administrative and legal requirements.

LDE will provide a detailed description of the interview evaluation process *only* to applicants who are accepted for an interview. These interview evaluation guidelines will explain how course providers can successfully move from the interview stage forward to the evaluations by the Independent Experts Panel and BESE.

BESE is responsible for the final evaluation and approval (or rejection) of all course provider applications.

No appeals will be considered at any stage. All determinations of accepted / rejected and proceed / do not proceed are final.

Unsuccessful course providers / applicants are encouraged to submit new proposals during future Course Choice RFA application processes.

Louisiana Letter Grade Policy	http://www.louisianabelieves.com/accountability/school-letter-grades	Louisiana has been grading schools for more than a decade. Since 1999, the state has issued School Performance Scores for public schools, which are based on data about student achievement. To more clearly communicate the quality of schools to parents and the public, Louisiana adopted letter grades based on School Performance Scores in 2010
LA Accountability System	http://www.louisianabelieves.com/accountability	<p>Louisiana Believes starts with the premise that all students can achieve high expectations and master rigorous academic standards. If you believe all children can learn, then you must hold schools accountable for the performance of students.</p> <p>Louisiana grades schools on a scale of A through F, just like students. Letter grades are easy for parents and the public to understand. The grades are calculated based on objective measures of student achievement, including test scores and graduation rates. Today, the number of A and B schools – 471 – is higher than the number of D and F schools – 461. In 2012, nearly one-third of all schools achieved expected growth</p>
