**Phone:** 800-575-8130

**PRICING DETAILS**

This attachment includes prices for Bridges in Mathematics as well as additional information and notes related to the terms and conditions of the state contract.

**Products**

Bridges in Mathematics second edition classroom kits include teachers' guides, premade components for games and activities, and manipulatives. In addition to the physical materials each Bridges classroom kit comes with free access to the Bridges Educator site, a teacher support portal. For more details please see The Math Learning Center website.

Pricing is presented on the following pages. Please note the following:

- While Bridges kits are comprehensive there are some common classroom items not included.
- For a full list of manipulatives including items not included please see The Math Learning Center online store.
- Consumable student books are optional as the student pages are available in PDF format on the Bridges Educator site and may be printed as needed.
- Purchasers of classroom packages may be eligible for a 50% discount on initial consumable student book orders.

To place an order, please contact customer service at 800-575-8130.

**Professional Development**

Generally with the adoption of Bridges a two-day Getting Started workshop is provided at no charge. However, districts and schools with less than 50 elementary teachers may be asked to share some of the costs. Currently the full price of a Getting Started workshop for up to 30 participants is \$5,200.

Our workshop leaders are experienced educators who have used our materials and methods in their own classrooms. Additional consulting services are available by contract.

**Other Notes**

- Manufacturing Standards and Specifications for Textbooks are not applicable as the consumable student books are optional.
- When text errors are corrected the revised electronic version of the materials are posted within Updates section of the Bridges Educator site.
