

Real-time Early Access to Literacy Tutoring Service Provider Guide

Ascension Public Schools

It is the vision of the Ascension Parish School System to provide children with a high quality and easily accessible early childhood education in order to ensure kindergarten readiness and future success in school and beyond. We have competent instructors who have CLASS scores that reflect that they are proficient. Our early childhood department understands what is needed for children to be kindergarten ready and have strategies in place to support our youngest learners in their cognitive and social-emotional development that is aligned to the Louisiana Birth-to-Five Standards and the Head Start Learning Standards. We use Frog Street PK Curriculum, which is a state approved tier 1 curriculum aligned to the Louisiana Birth-to-Five Standards to develop young children's early literacy skills. Phonological awareness, print concepts, alphabetic understanding, vocabulary, listening comprehension, and emergent writing are developed by providing high quality adult-child interactions, research based strategies, and engaging activities that enrich and facilitate language and literacy skills in young learners.

Canopy Education

Children learn best with positive and supportive teachers who can break things down and make learning fun. That’s why Canopy Ed partners with experienced teachers who treat children with respect and enjoy building strong relationships with families. For the 2021 REAL cycles, Canopy Ed is offering an in-person partnership model with district and charter schools designed to support students and local educators. In this model, Canopy works with principals to hire local teachers and then supports them in providing foundational skills support to students in their school. Canopy also provides families access to online books and videos curated to help families reinforce literacy skills at home. This approach allows students to get the personalized support they need within the set structure and routines of their school and sets families up to strengthen those skills at home. Reach out to Canopy Ed to learn if your child's school is a participating partner!

MARK - Meaningful Autistic Resources for Kids (Specializes in Working with Students With Disabilities)

MARK is a charitable organization created to increase the opportunities for academic success, communication, and social interaction skills for children with developmental disabilities. To support that goal our organization offers customized 1:1 tutoring (based on the student’s IEP/504 Plan) by Certified Special Education Teachers. Through achieving these objectives, children with developmental disabilities will not only be able to function to their fullest potential, but have purposeful, meaningful lives in the community. To learn more about Meaningful Autistic Resources for Kids Programs visit succeedwithmark.com.

Real-time Early Access to Literacy Tutoring Service Provider Guide

St. Bernard Parish Schools

As we continue to strive to increase mastery of foundational skills with our Prek-3 students, our district is working diligently to extend the students' literacy skills to a proficient level. The Covid-19 pandemic has made this mission even more important for our students to become lifelong skilled readers. It is important that we provide tutoring services to our students to ensure that the tutoring instruction is aligned to our Tier I Core Knowledge Curriculum. Furthermore, the tutoring provider would also need to ensure that tutoring instruction follows the district pacing for the students for exemplary instructional alignment.

Early literacy instruction in our district is embedded through the high fidelity of our teachers' instructional practices using the Core Knowledge Tier I High Quality Curriculum. This curriculum addresses grade-level foundational skills by providing instruction in concepts of print, phonological awareness, phonics, word awareness, and reading fluency in a logical and transparent progression. These foundational skills are essential and critical components of an effective, comprehensive reading program designed to develop proficient readers with the capacity to comprehend texts across a range of types and disciplines. In addition to the high quality curriculum, our teachers intervene with students every day, using data from district wide assessments, to close the literacy gaps.

Sylvan Learning Houma

A child’s future depends on a solid education and a love of learning. Choosing Sylvan is about getting results and setting your child up for long-term success. For over 40 years, Sylvan Learning has established a proven track record of delivering tutoring services to children in Louisiana. Our local reputation, record of success, and our positive relationships with our stakeholders cannot be matched. Sylvan is locally owned, and we have a team dedicated to making sure your child is getting the best instruction available and you have someone local to turn to. Sylvan Learning is uniquely positioned to provide in person and remote learning options to Louisiana’s youngest learners who bring unique developmental needs and require different strategies for their academic success. We believe that LEARNING SHOULD BE PERSONAL. No two students are exactly alike. At Sylvan, you get the best in certified teachers and interactive technology, so your child feels fully engaged and gets the exact learning he or she needs. We are committed to working as a team with families and classroom teachers. Our results are unmatched.

Sylvan Learning Metairie

For over four decades, Sylvan Learning has established a proven track record of delivering tutorial services to the K-12 community. Our local reputation, record of success, and our positive relationships with our stakeholders cannot be matched. Our programs are infused with an unparalleled level of service and support, ensuring a successful program.

We believe that LEARNING SHOULD BE PERSONAL. A one-size-fits-all approach to teaching doesn't fit everyone because no two students are exactly alike. They learn in different ways and at different paces. We make learning personal. We assess our students to understand their educational needs as well as their attitudes toward learning. We work with students to fill in the smallest gaps in their foundation and work upward using a personalized learning plan. We assess individual student's needs and customize their support.
