

Early Childhood Ancillary Certificate Programs

The Early Childhood Ancillary Certificate is a credential for teachers that are working in early learning centers. This certificate enables early learning center teachers to be recognized for the professional training they have completed, as well as provide access to valuable resources such as the [School Readiness Tax Credits](#).

Beginning July 1, 2019, all lead teachers in Type III early learning centers must obtain an Early Childhood Ancillary Certificate within 24 months of their starting date at the center. Additional information can be found in the [Early Childhood Ancillary Certificate FAQs](#).

The following teacher preparation programs have been approved by the Louisiana Board of Elementary and Secondary Education (BESE) to offer coursework as an approved Early Childhood Ancillary Certificate Program:

Program	Program Contact	Program Phone	Program Email	Region	Type	Duration of Program
