Child Care Assistance Program (CCAP) Updates

American Rescue Plan Act (ARPA) Round 1 Grant Audit

Postlethwaite & Netterville (P&N) is currently conducting an assessment of some ARPA Stabilization Grants.

- All providers participating in the ARPA Stabilization Grant Round 1 received an email with a request to respond to the P&N Survey. This survey should have been completed via the link provided in the email.
- A portion of providers will be chosen for an assessment of the ARPA Stabilization Grant Round 1 funds (this is different from the survey).
- Providers should respond to the assessment request from P&N upon receipt.
- Failure to comply with these requests will result in providers being ineligible for future grant awards, in a recoupment of previous grant awards, or in providers being ineligible for future CCAP payments.
- CCAP funds not recouped are referred to the Office of Debt Recovery (ODR) for collections.

Child Care Assistance Program (CCAP) Updates

Child Care Assistance Program (CCAP) Updates

KinderConnect Transition

*The Department has transitioned to KinderConnect as its mandatory attendance tracking system. It is important that providers **complete transition by April 14, 2023**, from the TOTS attendance tracking to the KinderConnect system.*

Once providers are set up in KinderConnect, please immediately begin tracking attendance there. Providers should not be using TOTS and KinderConnect at the same time.

All attendance will be tracked through KinderConnect only beginning April 17, 2023.

TOTS will no longer be used to verify attendance or enrollment of children. Failure to track attendance in KinderConnect will result in closure of household cases due to underutilization.

Child Care Assistance Program (CCAP) Updates

Payment On Enrollment

Providers must utilize attendance tracking and report changes in their site rosters.

- While CCAP payments are based on enrollment, providers are still **required** to use the new KinderConnect attendance tracking system.
- Authorizations must be utilized by families at the time child care services are rendered. KinderConnect attendance records will be examined as part of the underutilization review of CCAP attendance.
- Children that are no longer enrolled or attending should be reported to the Provider Help Desk via the [Provider Ticket System](#). **Please label your ticket “Child Not Needing Care.”**

Child Care Assistance Program (CCAP) Updates

Non-Payment or Payment Discrepancy

It is critical that providers submit timely notice of payment discrepancies to the Department.

- The Department will only review payment discrepancies that occurred within 30 days of the Department's receipt of the notice of discrepancy.
- The Department will not review or pay on any discrepancy reported beyond the 30 day timeline.
- Providers should immediately notify CCAP of a payment discrepancy by submitting a request via the Provider Help Desk at CCAPPHD@la.gov. Please put "Payment Concern" in the subject line.

Licensing Updates

Licensing Updates

Tornado Drills

Early learning center staff shall conduct tornado drills to ensure the safety of children and staff.

Tornado drills shall be conducted at least once per month in each of the following months: **March, April, May, and June.**

These drills shall be:

- done at various times of the day
- include all children and
- documented by the site.

Licensing Updates

Releasing Children

Early learning center staff shall ensure children are released only to authorized individuals.

- Each center must have on file written authorization, signed and dated by the parent, noting the first and last names of individuals other than the parents or legal guardians, to whom enrolled children may be released.
- The parent may authorize additional individuals via text message, fax, or email for unplanned situations, and then follow-up with a written authorization.
- Any additions or deletions to the authorized list must be signed and dated by the parent.
- Staff must verify the identity of the authorized person prior to releasing the child.

Licensing Updates

Posting of License

Providers must display the current license in a prominent place at the center.

Each early learning center shall display its current license in a prominent place in the center. The license should be visible by families and visitors.

Examples of a prominent place include:

Child Care Criminal Background Check (CCCBC) Updates

Child Care Criminal Background Check (CCCBC) Updates Renewals

Five-year eligibility renewals for the Child Care Criminal Background Check (CCCBC) program began in March 2023.

- As part of the renewal process, providers and other applicants are contacted via email to initiate a new fingerprinting process within 90 days prior to their CCCBC determination expiration date.
- Providers should be sure their roster(s) are updated with current staff. If current staff members are not added to the providers' CCCBC roster, providers will not receive a notification to renew the CCCBC application. This may result in the CCCBC determination expiring.
- Sites with staff working with expired CCCBC determinations will receive a Licensing deficiency.
- Fingerprint submission is required for the CCCBC renewal process.

Child Care Criminal Background Check (CCCBC) Updates

Fingerprint Vendor Change

Fingerprinting for the CCCBC system is expected to transition from fingerprint vendor Gemalto to IDEMIA by May 1, 2023.

- IDEMIA offers “No Charge Authorization Codes” (NCAC), also referred to as coupon codes.
- The benefit of a NCAC account is that providers are only charged once their applicants are fingerprinted.
- Providers will receive an email providing detailed instructions to create No Charge Authorization Code accounts. If you have not received that message by April 14, please email ldcccbcprocessing@la.gov.
- If providers are not interested in creating a NCAC account, other payment methods are also available. These payment methods include business check, money order, and credit card. Cash is not an accepted method of payment.

Child Care Criminal Background Check (CCCBC) Updates

Fingerprint Vendor Change

The new fingerprint vendor, IDEMIA, is projected to provide 50 fingerprinting locations statewide.

- After completing the LDOE CCCBC application, applicants are emailed a link from IDEMIA to pre-enroll. Providers should be sure applicants' emails are entered correctly.
- Applicants are required to pre-enroll and schedule a fingerprint appointment before fingerprinting.
- A list of IDEMIA's fingerprinting locations will be provided at a later date. Continue to monitor the CCCBC System and [Fingerprint Locations for Child Care CBCs](#) on Louisiana Believes for location updates.
