ARPA Stabilization Grant, Round 2

The Department is increasing the base and bonus amounts of the grant in this final round.

**Base amount:** Eligible providers who apply will receive $1,800 per child (calculations will use licensed capacity).

**Bonus amount:** Eligible providers who apply could receive a maximum bonus amount of $774 per child (calculations will use licensed capacity). As there are multiple categories that make up the bonus, only providers who meet the maximum conditions for each category will receive the maximum bonus amount.
ARPA Stabilization Grant, Round 2

There are some changes to the formula for Round 2 of the grant based on analysis.

- Increase the infant bonus percentage

- Increase the provider setting bonus percentage
  - Assign CCAP-certified family child care providers and in-home providers the same bonus percentage as Type III centers

- Increase the non-traditional hours percentage

- Increase the maximum SVI bonus percentage
ARPA Stabilization Grant, Round 2

Calculating base and bonus amounts:
A provider who has a licensed capacity of 100 children would receive a base amount of $180,000 and could receive an additional $77,400 bonus for a maximum total possible award of $257,400.

Base Amount: $1,800 x 100 children = $180,000
Possible Bonus Amount: $774 x 100 children = $77,400
Possible Total Payment: $2,574 x 100 children = $257,400

This is an example of a provider qualifying for the entire bonus with a licensed capacity of 100 children.
Some bonus categories have multiple thresholds. If providers meet certain thresholds, they will qualify for the associated bonus percentage. Maximum thresholds are bolded.

## Example 1

Type I provider with a **licensed capacity of 50** located in an area with an **SVI score of 0.49** who serves **toddler**s and children with **special needs**, but does not offer infant care or have non-traditional hours.

**This provider would receive:**
- 12% of the bonus amount as a result of their SVI score
- 6% of the bonus amount for serving **toddler**s
- 5% of the bonus amount for serving **children with special needs**

Since they do not serve CCAP-certified children or infants, or provide non-traditional hours, they do not qualify for the bonus amounts given to those categories.

Total qualified bonus percent = 12% + 6% + 5% = **23%**

**Base amount** = $1,800 \times 50 \text{ children} = $90,000  
**Bonus amount** = $774 \times 50 \text{ children} \times 23\% = $8,901  
**Total possible amount** = $98,901

Example 2

Type III provider with a licensed capacity of 100 located in an area with an SVI score of 0.62 who serves infants and toddlers, but does not offer special needs care or have non-traditional hours. 28 of the children in their licensed capacity are CCAP-certified.

This provider would receive:

- 20% of the bonus amount as a result of their SVI
- 16% of the bonus amount as 28% of their capacity is CCAP-certified children
- 15% of the bonus amount for being a Type III center
- 20% of the bonus amount for serving infants
- 6% of the bonus amount for serving toddlers

Since they do not serve children with special needs, or provide non-traditional hours, they do not qualify for the bonus amounts given to those categories.

Total qualified bonus percent = 
20% + 16% + 15% + 20% + 6% = 77%

Base amount = $1,800 x 100 children = $180,000
Bonus amount = $774 x 100 children x 77% = $59,598
Total possible amount = $239,598

### Example 3

Family child care provider with a **capacity of 6** located in an area with an **SVI score of 0.15** who **serves infants and toddlers**, and has **non-traditional hours**, but does not serve children with special needs. **All of their children are CCAP-certified.**

This provider would receive:

- 4% of the bonus amount as a result of their SVI
- 20% of the bonus amount as 100% of their capacity is CCAP-certified children
- 15% of the bonus amount for being a certified FCC provider
- 20% of the bonus amount for serving infants
- 6% of the bonus amount for serving toddlers
- 10% of the bonus amount for non-traditional hours

Since they do not serve children with special needs, they do not qualify for the bonus amount given to that category.

Total qualified bonus percent = 4% + 20% + 15% + 20% + 6% + 10% = 75%

Base amount = $1,800 x 6 children = $10,800
Bonus amount = $774 x 6 children x 75% = $3,483
Total possible amount = $14,283

Licensing Updates
Email Contact for Providers

Providers should ensure their center-specific email address is on file with Licensing.

All providers should ensure that the center’s email address shared with the Department, is an e-mail address specific to the center rather than specific to the center director or other staff member, in the event the director is no longer associated with the center.

To request an update to your center’s email address, please email your licensing consultant or ldelicensing@la.gov.
CPR and PFA Vendors

There are 33 currently-approved vendors listed on the Child Care Facility Licensing page of the Louisiana Believes website under “For Your Information”. Vendors must be approved by the Department and registered with the Division of Licensing prior to being paid for training center staff.

Please note: the vendor must be able to provide a live demonstration to early childhood center staff and receive a live demonstration from early childhood center staff.

Each approved vendor may train up to 300 center staff at a rate of up to $65 per staff.

For more information, email ldelicensing@la.gov.
Emergency Preparedness and Evacuation Planning

Providers are required to conduct tornado drills.

- All providers must conduct tornado drills at least once per month.
- These drills shall be conducted in the months of March, April, May, and June at various times of the day, shall include all children, and must be documented.
- A sample form, titled “Monthly Tornado Drills,” can be found in the Licensed Centers Library.

Motor Vehicle Passenger Checks

A visual passenger check of a vehicle is required to ensure that no child is left in a vehicle.

A staff person shall physically walk through the vehicle and inspect all seat surfaces, under all seats, and in all enclosed spaces and recesses of the vehicle interior.

The staff member shall record the time of the visual passenger check and sign the log indicating that no child was left in the vehicle.

Please ensure staff have received proper training and repeated training if needed.
