Early Childhood Care and Education Advisory Council

Quarter 2 - 2018
Early Childhood Community Networks

Key Activities in Quarter 2

The Department and Community Networks worked together to close out the 2017-2018 school year.

Supported Close Out of the 2017-2018 School Year:

- Teachers completed the third and final checkpoint for Teaching Strategies GOLD®.
- Lead agencies coordinated 5,239 local CLASS™ observations while programs reviewed scores and provided debriefs to sites.
- Lead agencies worked closely with the Department through office hours and supervisor collaborative events and teacher leader summit.

Completed Coordinated Enrollment Activities:

- Communities completed Coordinated Information Campaigns, providing information to families regarding enrollment.
- Communities participated in meetings with the Department to continue to improve their system for coordinating and supporting enrollment.
Early Childhood Community Networks
Key Activities in Quarter 2

The Department and Community Networks began preparing for new changes that will be in effect for the 2018-2019 school year.

Next Steps for TS GOLD®:
• Based upon lessons learned from the GOLD® Abbreviated Pilot, the Department developed a plan for GOLD® implementation in 2018-2019.
• Users of GOLD® in 2018-2019 will be under one license but will continue to have the flexibility.
• The Department released 2018-2019 GOLD Guidance over the summer to support sites in preparing for the new school year.

New Eligibility Guidelines for Pre-K Programs
• BESE aligned the “at-risk” definition for pre-K programs to K-12’s “economically disadvantaged” definition through revisions to Bulletin 140 (reviewed by the ECCE Advisory Council in March 2018).
• This increases the income limit for school-based pre-K programs to Medicaid income limits.
• The Department provided guidance for programs that will implement this new change in August.
Supporting Teachers to be Successful
Key Activities in Quarter 2

The Department has increased the number of professional training opportunities available.

**Early Childhood Ancillary Certificate Programs:**
- BESE approved three additional [Early Childhood Ancillary Certificate Programs](#), bringing the total to 21 programs statewide. These programs include coursework that counts towards an [EC Ancillary Certificate](#) while also embedding high-quality practice and coaching.
- The Department communicated the requirement that child care lead teachers attend BESE-approved Early Childhood Ancillary Certificate Programs to complete CDA training as of July 1.
- A contract for a Statewide Early Childhood Ancillary Certificate Program was approved by BESE in April, and will launch a pilot in 2019.

**Teacher Leader Summit:**
- More than 600 early childhood leaders and teachers, representing every community network, attended professional development and collaborated with peers at the 2018 Teacher Leader Summit.
- The Early Childhood track featured over 70 interactive sessions focusing on improvement efforts at the classroom, program, and community levels.
Supporting Teachers to be Successful
Key Activities in Quarter 2

The Department has increased access to instructional supports for child care teachers.

Child Care Curriculum Initiative:
• 165 sites participated in the 2018 Curriculum Initiative purchasing Tier I curriculum kits totaling $447,235.
• The Department announced the plan to continue supporting the Child Care Curriculum Initiative over the next year, providing ongoing financial support to child care programs seeking to expand their investment in high-quality instructional resources.

Early Childhood Leaders Fellowship:
• The Department competed in the Zaentz Early Ed Innovation Challenge at Harvard University in June, winning second place and grant funding to launch the Early Childhood Leaders Fellowship.
• The fellowship is expected to be piloted in 2019, and will provide instructional leadership training and support designed for child care directors working in Type III centers.
The Department has continued to support families through the Child Care Assistance Program, and monitor the progress of the CCAP Waiting List.

**CCDF Funding - Consolidated Appropriations Act of 2018**
- Louisiana received a one-time allotment of an additional $39 million in CCDF funds.
- Louisiana must use some of the funding to support quality in early childhood programs.
- In July 2018, the Department conducted a survey requesting the input of stakeholders on prioritizing the use of these one-time funds.
  - Top priority for funds was to assist with the wait list, followed by reimbursement for CCCBC, and assistance with scholarships for teachers and directors.
  - 700 responses were collected, with the majority of responses coming from child care providers.
  - At least $27 million of these funds will help serve children on the CCAP waiting list.

**Child Care Assistance Program (CCAP) - Update on the Waiting List**
- At the beginning of August, the Louisiana Department of Education Child Care Assistance Program (CCAP) began the process of removing and serving 4,500 children from the CCAP waiting list.
- Newly eligible families from the waitlist began accessing child care using the new CCAP funding on September 4, 2018.
A Licensing Task Force conducted a comprehensive review of Bulletin 137 resulting in revisions that were reviewed by the ECCE Advisory Council and BESE this spring.

- The ECCE Advisory Council met on May 17, 2018 to review several proposed updates to Bulletin 137, Louisiana Early Learning Center Licensing Regulations.
- In June, BESE approved the revisions to Bulletin 137. These new changes are expected to become effective in October. The Department will conduct provider training prior to the effective date.

The Child Care Criminal Background Check (CCCBC) changes in Bulletin 137 and 139 became effective March 1, 2018.

Components of a Child Care Criminal Background Check (CCCBC) – A CCCBC includes:

1. La. Bureau’s criminal history record information (CHRI);
2. FBI CHRI;
3. National Sex Offender Registry (NSOR);
4. La. Sex Offender Registry;
5. A request for a search of the La. State Child Abuse and Neglect Registry (SCR); and
6. The following in each state in which the individual has resided in the past five years: state criminal repository, state sex offender registry, and state child abuse and neglect registry.

Based on a review of these results, the Department determines whether an individual is eligible or ineligible for child care purposes. The determination is good for five years.

The CCCBC team processed 14,000 CCCBC applications during April, May, and June. That number has consistently increased as our September 30th deadline approaches.
The CCDF State Plan is a document that states use to demonstrate how they comply with regulations set forth by the Administration of Children and Families, Office of Child Care.

Components of the State Plan includes:

1. Promote Family Engagement Through Outreach and Consumer Education
2. Provide Stable Child Care Financial Assistance to Families
3. Ensure Equal Access to Child Care for Low-Income Families
4. Establish Standards and Monitoring processes To Ensure the Health and Safety of Child Care Settings
5. Recruit and Retain a Qualified and Effective Child Care Workforce
6. Support Continuous Quality Improvement
7. Ensure Grantee Accountability

In May 2018, the draft State Plan was presented to the ECCE Advisory Council and a public hearing was held. The State Plan will be in effect from 10/1/2018-9/30/2021 although amendments can be made.
There has been little change in the number early learning centers. The 2018 Star Ratings are based on the Performance Profile ratings.

The 38 member Early Childhood Care and Education Commission shall study and make recommendations relative to establishing a vision for the future of early childhood care and education in Louisiana, building on the work of Act 3 in 2012.

By the end of the Commission’s work together, the goal is to produce a coherent set of recommendations related to:

- **Access and Quality:** What should be Louisiana’s aim as it relates to serving children in high quality settings?
- **Governance:** How can local governance support enhanced funding and improvement statewide?
- **Funding:** What will these improvements cost Louisiana?
The 38 member Early Childhood Care and Education Commission shall study and make recommendations relative to establishing a vision for the future of early childhood care and education in Louisiana, building on the work of Act 3 in 2012.

When conducting analysis and making recommendations relative to a vision and framework, the commission shall do all of the following:

1. Gather and analyze data and develop a plan focused on family access, affordability, and quality.
2. Determine best practices for the purpose of informing the continued development of local governing entities.
3. Determine a sustainable infrastructure to ensure quality programs including workforce and professional development, monitoring and assessment, coordinated enrollment, and data-informed decision making.
4. Identify opportunities for collaboration and coordination.
5. Define a timeframe for achieving the vision and determine benchmarks for the intervening years.
6. Determine the amount of funding needed to achieve affordable access to quality care and education for all children from birth through age four and recommend policies that prioritize the allocation of future funding.
Proposed Work Plan for Commission

There will be five in-person meetings in 2018 led by Chairs and staffed with the LDE.

- Kick-Off: August 1, 2018
- Access to Quality: September 6, 2018
- Local Governance and Infrastructure: October 3, 2018
- Funding: November 5, 2018
- Plan Review of Vision, Recommendations, and Timeline: December 13, 2018

The recommendations will be developed by February 2019, prior to the legislative session.
Commission Reports

The Early Childhood Care and Education Commission will provide a report with recommendations for the legislature.

- Prior to 2019 Regular Session of the Legislature, the commission shall produce a report of its findings and recommendations.
- Reports will also be provided to governor, member of legislature, state superintendent, and BESE.
- The Department will keep the Advisory Council informed about key updates from the ECCE Commission.

The ECCE Advisory Council will regularly evaluate the implementation of the plan for early childhood care and education established by the Early Childhood Care and Education Commission, and provide recommendations to support its implementation.
2018 Community Network Pilot
Because too few children were ready for Kindergarten, Louisiana’s legislature passed RS 17:407.23 in 2012, creating Louisiana’s Early Childhood Care and Education Network.

- To address these challenges, Louisiana’s legislature amended RS 17:407.23, Louisiana’s Early Childhood Care and Education Network, during the 2018 regular legislative session.

- On August 31, the Department released a Request for Applications (RFA) asking community networks to step forward and be part of a ground-breaking pilot. The Department will support them to drive improvement by:
  
  (a) allocating seats locally; and  
  (b) providing development through coordinated local governance.

- Applications are due October 8; the Department will work with applicants to refine their applications for final submission November 12; and pilots will be approved December 12 by BESE. The work of these pilots will inform future policy.
