

Reading	Recycling	Grades K–2
<b>Task</b>	Short Informational Set	
<b>Read</b>  	<p>Read the following story and answer the questions.</p> <p><u>Myron Recycles</u></p> <div data-bbox="446 525 609 682">  </div> <p>Myron was helping his dad. He put old cans and bottles in a box. Dad put the box outside. A green truck picked up the cans and bottles. The truck took everything to the recycling center.</p> <p>“Dad,” asked Myron, “what happens to the cans and bottles?”</p> <p>“They are broken down into pieces,” his dad said.</p> <p>“People use those parts to make new things. Then less trash is left on Earth.”</p>	
<b>Teach</b>  	<p>Students will read the nonfiction story about a boy recycling and answer questions related to the text. Have students look at the questions before reading to set a purpose for reading – “what information do I need to know?”</p>
