

Associate of General Studies: Concentration in Career and Technical Certificate
Postsecondary Partner: Bossier Parish Community College

Overview

The Associate of General Studies degree provides a foundation in several disciplines, including English, mathematics, and science. The degree plan offers the student an opportunity to establish a base of knowledge about general education courses while using electives to explore one or more specialized areas of study. This degree works for students who need to make a decision about a career choice and for students who plan to move to a four-year college to earn a bachelor’s degree not typically offered at a community college

This pathway framework is an outline of how the approved courses can be implemented. Schools may opt to rearrange the order of course sequencing in order to meet local scheduling requirements. Additionally, Fast Forward pathways are dynamic and the Jump Start Review Panel will consider course equivalents on an as needed basis.
