

## Non-public Carryover Request

### School Year \_\_\_\_\_

Funds allocated to an LEA for educational services and other benefits to eligible private school children, their teachers, and their families must be obligated in the fiscal year for which the funds are received by the LEA. (ESEA section 1117(a)(4)(B)). The purpose of this requirement is to ensure that an LEA obligates the funds available under Title I to provide equitable services in the fiscal year for which the funds are appropriated so that eligible students, teachers and other educational personnel, and families receive the services to which they are entitled in a timely manner. This provision reinforces the requirement that an LEA conduct timely consultation with private school officials to design appropriate equitable services so that those services can begin at the beginning of the school year for which the funds are appropriated. If an LEA is providing equitable services as required and meeting the obligation of funds requirement in ESEA section 1117(a)(4)(B), it generally should not have any, and certainly not significant, carryover. The ESEA, however, does not prohibit carryover of funds for equitable services and, in most cases, requires it.

**Directions:** Complete the information below and upload document to the Super App Non- public consultation page and notify ombudsman via email.
