Research – Lost Einsteins Study

"Data suggests that opportunity gaps don't merely spring forth from gaps in achievement or attainment—they are based on exposure."

Julia Fischer, Christensen Institute

Lack of Exposure

47%

Kids who drop out do so because they don't see the relevance of school.

- Gates Foundation Study, 2013

Why Isn't Industry Engagement A Part of Every Classroom?

Geographic barriers

Too time consuming

Can't match professionals skills to curriuclum needs

Lack of access to diversity of career pathways

Lack of a universal platform that enables teachers and industry experts to collaborate effectively

Our Solution

Teachers & Learners

Find, Match, Connect, & Engage

Industry Professionals

"The single biggest factor in enhancing career development of young people is engaging business and industry in the classroom."

Bill Symonds – Global Pathways, Arizona State University
