

Due to health concerns surrounding the COVID-19 virus, face-to-face trainings available for teachers pursuing Industry Based Certifications (IBCs) or other technical trainings have been cancelled. Trainings available through a digital format are listed in the table. Super Summer Institute registration costs for the summer 2020 sessions are paid directly to the provider and not to LDOE. Carl Perkins and Career Development Funds are eligible funding sources for Registration. Registration close dates vary for each vendor. Please check registration links for the specific dates registration closes. This list isn't comprehensive and will be updated as additional training options are confirmed. For certifying agencies that have made remote proctoring available, a link is provided. **This page is being continuously updated. If you've opened this document more than once, please clear your history/cache and refresh the page to view the most up-to-date version.**

All new/updated information is highlighted throughout this document.
