## Description of Credentials

<table>
<thead>
<tr>
<th>Certification</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CIW Web Development Professional</td>
<td>The CIW Web Development Professional certification program is an ambitious journey for the individual who wants to excel in a career in Web and IT technologies. The essential combination of a front-end scripting language, a back-end programming language and the skills to integrate them with a database is what make a Web Development Professional. To earn the CIW Web Development Professional certification, you must take and pass three certification exams: <strong>CIW JavaScript Specialist</strong>, <strong>CIW Perl Specialist</strong> and <strong>CIW Database Design Specialist</strong>. Passing each of these exams earns you the related individual certification. If you pass all three exams, you will be awarded the advanced Web Development Professional certification in addition to the individual certification.</td>
