

CIW Advanced HTML5 and CSS3 Specialist

April 27, 2018

Certifying Organization	CIW: http://www.ciwcertified.com															
Description of Credentials	The CIW Advanced HTML5 and CSS3 Specialist is the first course in the CIW Web and mobile Design series. This course tests essential HTML5, Cascading Style Sheets (CSS) and JavaScript knowledge. These technologies, known as the Web development trifecta, provide Web pages that easily adapt to smartphones, tablets, gaming devices and smart TVs, as well as to traditional PCs. This course teaches deep knowledge of HTML5 and CSS3, and thus assumes a certain amount of existing knowledge (such as basic HTML coding). The target audience is students, web designers, internet consultants, IT professionals, marketing professionals, web and graphic artists, and business professionals.															
Part of which Graduation Pathways ¹	<u>Integrated</u> : Digital Media and Entertainment Technology
