The 2021-2022 Jump Start Training Catalogue provides a list of professional development and training opportunities available for the 2021-2022 school year. It is not comprehensive and will continue to be updated as additional training options are confirmed. Schools systems can submit training opportunities and/or training requests to jumpstart@la.gov for review.

Registration costs for sessions are paid directly to the provider and not to LDOE. Carl Perkins and Career Development Funds are eligible funding sources for registration.

The catalogue includes virtual, in-person, and hybrid training options for many IBCs on the State Focus list. The following IBCs are included:
