Jump Start 2.0

Proposed Pathway

**Human Services**

The **Louisiana Department of Education** is committed to ensuring that every child and school has the opportunity to grow and thrive.

**Unified Early Childhood Systems**

**Academic Alignment**

**Teacher and Leader Preparation**

**Pathways to College or a Career**

**Targeted Support for Struggling Schools**

Louisiana's success is a result of the belief that those closest to children are best positioned to make decisions that impact student learning.

In Louisiana, change is achieved through the following process:

1. **Start the work at a small scale with innovative educators** through grants and pilots.
2. **Encourage projects to grow to scale**, through coherent and aligned incentives like funding and reporting.
3. **Nurture and assist the expansion**, through regional partnerships, external support organizations and strategic communications.
4. **Codify changes in policy** after learning from pilots and achieving statewide scale.
5. **Embed the change in the school system planning process and statewide support structures** to facilitate local implementation.

# Jump Start Historical Context

LDOE launched Jump Start in 2014 with the Jump Start Blueprint. This created critical infrastructure for redefining Industry-Based Credentials (IBCs) and Career and Technical Education (CTE) in the state of Louisiana.

The framework of Jump Start pathways includes:

- required completion of 9 courses that align to a particular industry
- required attainment of an Industry Based Credential (IBC)
- incentivizing the obtainment of valued IBCs through inclusion in the accountability system

# Class of 2018

- 8,736 students graduated with a Jump Start Diploma
- 61% of Jump Start students earned a statewide IBC
- 97,238 credentials were earned by all students in 2017-2018

# Jump Start 2.0

In February 2019, after an extensive consultation process, the Department launched a Draft Jump Start 2.0 Blueprint for Public Feedback.

There were three pillars in the Draft Blueprint:

- Every Jump Start Career Diploma student graduates having demonstrated success in the workplace, preparing them to work in a high-wage, high-growth industry.
- Every Louisianan knows and values the Jump Start Career Diploma path as fluently as the TOPS University path.
- Community leaders create systems that bridge education and employment, without state intervention, throughout Louisiana.

**In order for Louisiana's economy to thrive, students need to enter into the workforce prepared for high-quality jobs**

# Pathway and Credential Update

Through December LDOE conducted an engagement process with business and industry, educators, and post-secondary to streamline 40+ Jump Start technical pathways into 11 pathways and orient them with national career clusters, Workforce Investment Opportunity Act (WIOA), Federal Carl D. Perkins, and programs of study. This will also include updated pathway alignment to relevant credentials and coursework. Additionally, the Workforce Investment Council reauthorized the Statewide IBC portfolio - there will be some credentials removed and some added.
