

WHAT IS BELIEVE AND PREPARE?

In line with leading nations' approaches to teacher preparation, the Department launched the <u>nationally recognized Believe and Prepare</u> pilot program in 2014. Believe and Prepare programs offer aspiring teachers a full year of practice under an expert mentor and a competency-based curriculum.

In October 2016, the Board of Elementary and Secondary Education (BESE), with support from the Board of Regents (BoR), adopted landmark regulations to **expand these practices** statewide. As of July 2018, all teacher preparation programs must include a yearlong residency alongside an expert mentor, and all preparation programs must include a **competency-based design**.

PRIORITY ALIGNMENT

Develop and retain a diverse, highly effective educator workforce.

FOCUS AREA

 Intentional partnerships with teacher preparation providers

7 to 30 school systems and
from 7 to 20 preparation
providers.

BESE approves updated regulations to expand yearlong residencies and competency-based teacher preparation curricula statewide by July 2018.

The Department launches statewide mentor training for expert teachers and grant opportunity to support rural school systems implementing innovative, cost-neutral models of alternate certification preparation, including dedicated time for mentoring.

BESE approves policy requiring ancillary certification for mentor teachers.

All teacher preparation programs aligned to policy or were approved for an innovative model. All teacher preparation candidates are completing a year-long residency.
