

LOUISIANA DEPARTMENT OF EDUCATION

Job Description: Superintendent of the Special School District

The Louisiana Department of Education (LDOE) vision, *Louisiana Believes*, is built on the premise that Louisiana students are just as capable as any students in America, and that those closest to children – parents and teachers – are best positioned to help students achieve those expectations. The LDOE is seeking a dynamic leader to serve on the LDOE executive team and ensure the *Louisiana Believes* vision is reflected within the Special School District (SSD), a wing of the LDOE dedicating to serving students with low-incidence disabilities.

The SSD is an educational service agency administered by the Louisiana Department of Education (LDOE) that includes the Louisiana special schools and the special school programs. The SSD is available to all eligible students regardless of their place of residence within the state.

The Louisiana special schools are state-operated schools providing educational programs and services for residential and/or day students and include the Louisiana School for the Deaf, Louisiana School for the Visually-Impaired, and the Louisiana Special Education Center. The special schools are established to provide a free appropriate public education for children with low incidence disabilities who meet the admission criteria (i.e., deaf, blind, orthopedically impaired) for each such special school.

The special school programs provide educational services to students enrolled in state approved programs in non-traditional settings such as those provided by the Office of Citizens with Developmental Disabilities, the Office of Behavioral Health, the Office of Juvenile Justice, and the Department of Public Safety and Corrections.

The Superintendent of the SSD is appointed by the State Superintendent of Education, subject to confirmation by the Louisiana State Senate.
