

Louisiana State Superintendent Dr. Cade Brumley developed a 100 day entry plan that will allow him to lead and learn during his critical first months as head of the Department. The strategic plan is called [100 Days for a Strong Start](#). It's outlined by seven key priorities: ensure a Strong Start to the 2020-2021 school year; advocate during the legislative special session; cultivate a strong and diverse team; provide clear, strong and regular communication; listen to stakeholders; review data and recommendations; and develop a deeper knowledge of the Department.

Each week during his first 100 days, the Department will share an update on his progress.
