LOUISIANA’S BIRTH TO 16 EDUCATION SYSTEM

LOUISIANA’S 2025 VISION

In order for students to enter each level of Louisiana’s education system with the knowledge and skills to be successful, our state must raise the bar for what it means for schools to be rated an “A”. By 2025, schools will earn an “A” when:

LOUISIANA’S PROGRESS TO DATE

Louisiana’s educators and students have made great progress over the past several years to be on track to reach the 2025 goals.

LEAP

Since implementing new, standards-aligned tests, Louisiana has seen a steady increase in the percentage of students scoring “Mastery” and above statewide.

ACT

The number of students earning a college-going score of at least 18 has increased by 6,980 since 2012, and the number of students scoring 21 or above has increased by 3,896.

LOUISIANA’S ACT GROWTH IS A NATIONAL LEADER, RANKING 3RD AMONGST SOUTHERN STATES THAT TEST 100% OF THEIR STUDENTS.
Since 2012, the number of students earning Advanced Placement credit each year has increased by more than 3,800, an increase of more than 167%.

More students graduated in 2018 than ever before with a graduation rate of 81.4%. An increase of over 5,000 students since 2012, far exceeding the nation’s growth.

The number of students annually eligible for TOPS scholarships, or full college tuition, has increased by 18% since 2012.

In 2019, Louisiana had the highest percentage of students completing the FAFSA by the July 1, 2019 priority deadline, and showed the greatest growth than any other state in the country.

50.4% of the Class of 2018 earned early college credit or a statewide industry-based credential, valued in high-wage industries.

More students enrolled in college in 2018 than ever before, with more than 25,000 pursuing a postsecondary education.
