Counselor Spotlight: Sundry Barjon

FAFSA Marketing Push

Getting students and parents to complete the Free Application for Federal Student Aid (FAFSA) has always been a challenge for the Professional School Counselor (PSC).

Because all seniors are now required to complete the FAFSA and the enrollment data commences in the month of October, filing for students and parents is even more of a challenge for the PCS.

Another problem in the application process for the PCS is ensuring that parents clearly understand its terminology. Some parents encounter confusion with the term "prior prior" as it relates to their income tax filings in completing the application.

Since the FAFSA has changed over the years, the PCS must get parents to understand these changes. Parents who have filed applications for children in the past, in many instances, must undergo a mindset change to correctly complete the new application. This represents another challenge for the PSC.

In working to meet the established goals of FAFSA Completion, PSCs have scheduled FAFSA Days, Weekends and Nights, and have promoted College Goal Sundays for students and parents as sponsored by the Louisiana Office of Financial Assistance (LOSFA). The support and resources provided by LOSFA in these endeavors are invaluable assets to PSCs in the successful completion of this critical work.

With October 1st set as the beginning filing date for FAFSA, along with ensuring that students meet the requirements for graduation, the job responsibilities of PCSs have increased—we must do more and provide more.

With the training provided by LOSFA, PSCs have learn how to walk students and parents through the

initial filing for FASAID, to assist them in completing the application and to troubleshoot when there are problems in the process.

How do we push FAFSA?

- FAFSA Nights: once a month during the school year
- FAFSA Days: every other month of the school year from 9:00 a.m. until 4:00 p.m. and 2:00 until 6:00 p.m.
- Robocall to Parents: reminders of FAFSA Events
- Senior Parent Night during 1st semester (September)
- Senior Parent Night during 2nd semester (January)
- FAFSA Board of Completers-displayed in the main hallway of the school*
- PTO Website
- School Website
- Senior Website
- Registration in SignalVine-all seniors

Since LOSFA has provided the FAFSA Completers Data, PSCs are able to identify those students who have not started the process and assist those who have errors reported on their FAFSA.

The overall goal of this work is to have all FAFSA applications completed before spring break, including those who have to submit the waiver for non-completion.

*With the FAFSA Board of Completers Display, the pictures of seniors who have successfully completed FAFSA are placed in the center of an enlarged hundred-dollar bill in the main hallway of the school. This recognition is motivational in nature. It congratulates those seniors who have successfully completed FAFSA and encourages those who have not to have their pictures on the display board.

Counselor Collaboration

Thank you to everyone who attended the spring collaboration events. Usually held once per semester, the Counselor Collaborations are an opportunity for counselors across the state to meet LDOE staff, network with other professionals in their region, and receive updates and resources.
