

EARLY CHILDHOOD NEWSLETTER

July 15, 2021

Dear Colleagues,

I hope you had a restful Fourth of July holiday. Just as it matters that we are “all in” for children during our work time, it's equally important that you take advantage of opportunities to rest and recharge. It's good for you, for your family and friends, and for your school or center family.

Last week, The Advocate ran a [guest column](#) I wrote, looking back at your heroic efforts over the past year and looking ahead at what's possible as we continue to work together. I hope you are able to take a few minutes to read it online. Everyone in the state should know what we (all of us) accomplished for children this past year and what plans we have for the road ahead. As I closed within the column, *“We should do these things because they must be done. We can do these things because they must be done. We will do these things because they must be done.”*

I believe in us.

Dr. Cade Brumley
State Superintendent of Education

Updates for Funding and Enrollment

NEW: Survey for LaCAP Grant Recipients

The Department is conducting a survey related to Louisiana Child Care Assistance Provider (LaCAP) Relief Grants. The LDOE has partnered with Postlethwaite and Netterville (P&N) to collect information regarding the use of LaCAP grant funds, to report to the Office of Child Care, legislators, BESE, and other stakeholders. The LDOE will also use this information to direct future technical assistance. Within the coming month, recipients of the LaCAP grants will receive a unique link to complete the online survey. Prior to the unique link being sent, recipients will receive a separate communication with information about the survey opening date.

All recipients of the LaCAP grants will be required to participate in the survey. Failure to complete the survey may impact the provider's future relief grant funding opportunities, and the provider will be automatically chosen for an audit of the LaCAP grants.

Questions regarding this communication can be directed to the Provider Help Desk at 225-252-9543 or via email to providercertification@la.gov.

NEW: Louisiana Child Care Assistance Provider (LaCAP) Relief Grant Audit

The Department has contracted with Postlethwaite and Netterville (P&N) to conduct random audits of LaCAP grants. As indicated in the assurance statements in the LaCAP grant applications, records of expenses must be available for the LDOE and/or authorized personnel. Contact will be made by the LDOE and the P&N for the providers selected to be audited.

For additional information, please contact the Provider Help Desk at 225-250-7635 or 225-252-9543 or via the [Provider Ticket System](#).

NEW: Pre-K Program Payment Update: LA 4/NSECD

- The final LA 4 TANF payment (May) was issued July 15.
- May NSECD payments were issued June 18.

Any questions regarding LA 4 or NSECD can be directed to pheriche.perkins@la.gov.

Reminder: Child Care Assistance Payments and Attendance Tracking

While CCAP has extended payments based on enrollment until December 31, providers are still required to use either the Tracking of Time Services (TOTS) Point of Service (POS) device or Interactive Voice Response (IVR) system to track attendance.

Failure to properly track child care attendance may jeopardize provider payments based on enrollment. As future grants become available, providers failing to use TOTS or IVR will not be considered for the grants.

Any questions can be directed to Jackie.Droddy2@la.gov or LDECCAP@la.gov.

Reminder: CCAP on the Road

In the upcoming months, CCAP will conduct statewide forums designed to support providers in strengthening quality services to families. Updates will be provided on Provider Payments, Child Care Rates, Tracking of Time Services (TOTS), Provider Certification, CCAP and Licensing Overview, and general support for providers. The provider forums are slated for September through November.

For additional information, please contact the Provider Help Desk at 225-250-7635 or 225-252-9543 or via the [Provider Ticket System](#).

Updates for Licensed Centers, Family Child Care, and In-Home Providers**NEW: Supervision**

As child care providers know, quality care is essential to keeping children safe and ready to learn, and quality care begins with good supervision. Supervision should include strategies that promote care to

create a safe environment for children. LDOE continues to receive serious incident reports where children are being left alone and therefore unsupervised.

In an effort to reduce the number of children being left unsupervised, below are some tips:

- Know the number and names of children present
- Have clear and simple rules for children
- Identify children before and after transitioning
- Conduct name-to-face counts on a regular basis and as needed throughout the day
- Be able to see and hear children at all times, including children using the restroom

All incidents involving children being left alone and unsupervised must be reported immediately to the parent, within 24 hours to DCFS Child Welfare, and to the LDOE Division of Licensing on the [critical incident form](#). If there is ever any doubt, please report the incident to the LDOE Division of Licensing.

Questions can be directed to your licensing consultant at 225-342-9905 or ldelicensing@la.gov.

Reminder: Level One Notice

With the beginning of hurricane season, the Department would like to remind providers to be prepared if a hurricane or other disaster occurs in their area or parish.

If an emergency covers a large geographical area such as a parish or region of the state, the Department will closely monitor conditions out of concern for the safety of staff, children, and families. Should a disaster occur and the center or location is in a parish or area that the LDOE determines as impacted by the disaster, the provider's license or certification may be suspended until post-disaster approvals are obtained and the required Reopening Request is submitted to the LDOE.

In the event of a potential disaster, take the following steps to prepare:

- Stay up-to-date with the status of any storm or other potential natural disaster and its impact on the provider's area.
- Ensure that LDOE has a current cell phone number and email address.
- Review and update evacuation and safety plans.
- Practice evacuation and reunification plans.
- Let families know how communications will be made if the provider is unable to reopen following a disaster.
- Review the Frequently Asked Questions below and be ready if a disaster declaration is made for the provider's parish:
 - [Child Care Assistance Program \(CCAP\) – Before, During and After a Disaster](#)
 - [Reinstatement of a Child Care Center License Following a Disaster](#)
- Pay close attention to the messages from local officials.
- Obtain the appropriate parish's [Emergency Preparedness Contact](#) phone number.
- Review the useful links below:
 - [Get A Game Plan](#)

- Be Safe.

Questions can be directed to earlychildhood@la.gov.

Updates for Directors

Reminder: Early Childhood Substitute Directory

CCR&R and Regions	Target Month for Directory Launch
Volunteers of America - Regions 5, 6 & 7	July
Northwestern State University - Regions 7 & 8	August
Children's Coalition for Northeast Louisiana - Region 9	September
