Executive Summary

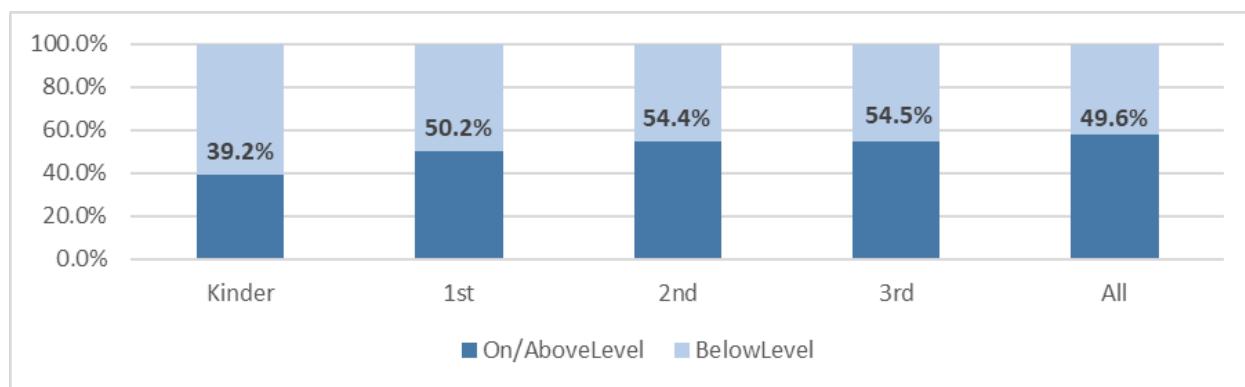

Louisiana law and Louisiana Board of Elementary and Secondary Education (BESE) policy require that school systems administer a literacy screener not later than thirty days after the beginning of each school year to all students in kindergarten through grade 3. Annual screening is vital for ensuring that all students are on the right track to become proficient readers by the end of third grade.

School systems can choose among [four research-based screening assessments](#). The screening assessments measure a particular skill or skills that are typically predictive of later reading success. The skills build upon each other from one grade level to the next and are appropriately matched to children's ages and developmental stages. The skills are also linked to standards children should be able to master at the beginning of each school year. The key skills measured at each grade level are as follows:

- Kindergarten: **Phonemic Awareness**
- First Grade: **Basic Phonics**
- Second Grade: **Oral Reading Fluency**
- Third Grade: **Reading Comprehension**

Student scores at each grade level are reported as either "On or Above Benchmark" or "Below Benchmark." Students who scored "Below Benchmark" are considered "at risk" for reading difficulties according to authors of the assessments. Fall 2022 results show improvement in performance among first, second, and third graders over their prior year performance. One area of specific concern is fewer Kindergarteners (-2.3 percent) entered school with foundational literacy skills than last year's kindergarteners.

Figure 1. Statewide Performance Level by Grade for All Literacy Assessments Combined

While the combined change shows an overall increase of 0.4% in literacy proficiency from Fall 2021 to Fall 2022 (Table 4), these trends not only obscure the increases between Fall 2021 and 2022 in the

percent of students in grades 1-3 reading on or above level but also the increases within grade-based cohorts. The Class of 2032, third graders during the 2022-2023 school year, is reported to include 55% of students who are reading on/above grade level. This is higher than the third graders in any year since 2018. Additionally, this percentage represents a 13% increase over the percent of students in this cohort who were reading on/above level in the Fall of 2020 as first graders. The Department remains focused on ensuring that Louisiana's children are supported in developing literacy skills beyond grade three and committed to strengthening the foundational literacy instruction.

Alongside the Early Literacy Commission the Department continues to make progress on the recommendations put forth by the Commission. Kindergarten to third grade teachers and leaders are completing the [Act 108 Foundations of Literacy training](#). The Department has also updated the [Louisiana Comprehensive Literacy Plan](#) which outlines the state and school system's key actions around four literacy pillars. Guided by four literacy pillars, the Department has released and continues to release resources, tools, and support for systems, teachers, and leaders. These are shared in the [Literacy Library](#) and include supports targeted within and beyond students' elementary education experiences. Additional efforts include the development of the [Steve Carter Literacy Tutoring Program](#), development of K-3 individual literacy plans for students who are below proficient, and the [R.E.A.D. program](#).

Assessing Students' Reading Abilities

Acadience Reading, Dynamic Indicators of Basic Early Literacy Skills (DIBELS 8th), System to Enhance Educational Progress (STEEP), and Strategic Teaching and Evaluation of Progress (STEP) are a set of standardized, individually-administered measures for assessing the acquisition of early literacy skills from kindergarten through third grade. These are brief fluency measures designed to regularly monitor the development of early reading skills. The critical skills necessary for successful beginning reading include phonemic awareness, phonics, fluency, vocabulary, and comprehension. The four benchmarking assessment measures assess students on four of these five critical skills directly—all of the critical skills listed above other than vocabulary, which is measured indirectly through comprehension. The assessments provide teachers with information about student reading and how well the student is progressing on a particular early reading skill.

The results are reported based on a student's level of skill attainment towards the benchmark goals. These empirically-derived benchmark goals are criterion-referenced target scores that represent adequate reading progress. They are based on research that examines the predictive validity of a score when compared to later measures and external assessments. Consequently, attainment of a benchmark goal indicates a student is likely to achieve the next benchmark goal and other important reading outcomes. Students who score below benchmark are determined to be at risk of remaining and falling further behind in literacy and school without being provided interventions of various degrees.

Results within this report are based on the particular measure given to students in the fall of 2022 depending on their grade level. Each measure assesses the skills expected of the student at the assessment period (specifically, at the beginning of the school year) and at a particular grade level. Across the four reported grades, 49.6 percent (49.2 percent last year) of the 197,000 assessed Louisiana students were considered "On/Above" level, (synonymous with "at benchmark").

Data systems were enhanced with error checks to ensure accuracy and reliability of scores reported by school systems. Additional data quality measures were put in place to increase reporting which included data submission review and strategic outreach to school system staff to ensure data accuracy and completeness.

Table 1 below lists the name of the subtest administered at each grade level for each of the four assessment options.

Table 1. Subtests Administered by Grade for DIBELS 8th, Acadience Reading, STEEP and STEP

| Grade | Assessment | Subtest Name |
|-----------------|------------------------|---|
| Kindergarten | DIBELS 8 th | Phonemic Segmentation Fluency |
| | Acadience Reading | First Sound Fluency |
| | STEEP | Initial Sound Fluency |
| | STEP | First Sounds |
| 1 st | DIBELS 8 th | Nonsense Word Fluency-Correct Letter Sounds |
| | Acadience Reading | Next Nonsense Word Fluency- Correct Letter Sounds |
| | STEEP | Nonsense Word Fluency |
| | STEP | Reading Record |
| 2 nd | DIBELS 8 th | Oral Reading Fluency-Words Correct |
| | Acadience Reading | Oral Reading Fluency-Words Correct |
| | STEEP | Oral Reading Fluency |
| | STEP | Oral Reading Fluency |
| 3 rd | DIBELS 8 th | Maze |
| | Acadience Reading | Maze |
| | STEEP | Advanced Literacy (CBT) |
| | STEP | Retell |

Overall Results

Table 2 below displays the disaggregation of grade-level performance further by assessment for all literacy assessments given in Kindergarten through third grade.

Table 2. Percentage of Statewide Testers by Performance Level and Assessment

| Assessment Name | Grade | On/Above Level % | Below Level % | Total Tested |
|-------------------|--------------|------------------|---------------|--------------|
| DIBELS 8th | Kindergarten | 33.7 | 66.3 | 22,955 |
| DIBELS 8th | 1st | 48.9 | 51.1 | 25,830 |
| DIBELS 8th | 2nd | 58.6 | 41.4 | 24,013 |
| DIBELS 8th | 3rd | 63.0 | 37.0 | 23,214 |
| Acadience Reading | Kindergarten | 44.5 | 55.5 | 21,074 |
| Acadience Reading | 1st | 52.2 | 47.8 | 22,331 |
| Acadience Reading | 2nd | 50.7 | 49.3 | 21,623 |
| Acadience Reading | 3rd | 46.6 | 53.4 | 20,635 |
| STEEP | Kindergarten | 43.9 | 56.1 | 3,559 |
| STEEP | 1st | 49.3 | 50.7 | 3,715 |
| STEEP | 2nd | 51.0 | 49.0 | 3,623 |
| STEEP | 3rd | 44.7 | 55.3 | 3,569 |
| STEP | Kindergarten | 17.0 | 83.0 | 171 |
| STEP | 1st | 9.7 | 90.3 | 236 |
| STEP | 2nd | 14.1 | 85.9 | 213 |
| STEP | 3rd | 54.8 | 45.2 | 239 |

Table 3 below displays the disaggregation of grade-level performance for all literacy assessments given in Kindergarten through third grade.

Table 3. Number and Percentage of All Statewide Testers by Performance Level

| Grade | Total Tested | On/Above Level # | Below Level # | On/Above Level % | Below Level % |
|--------|--------------|------------------|---------------|------------------|---------------|
| Kinder | 47,759 | 18,711 | 29,048 | 39.2 | 60.8 |
| 1st | 52,112 | 26,135 | 25,977 | 50.2 | 49.8 |
| 2nd | 49,472 | 26,910 | 22,562 | 54.4 | 45.6 |
| 3rd | 47,657 | 25,953 | 21,704 | 54.5 | 45.5 |

Data Suppression/Privacy

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers. The symbol "~~" is used for all percentages where the total number of test takers in a particular row are fewer than 10, and percentages greater than 95 percent and lower than 5 percent are replaced by ">95" and "<5", respectively.

Gifted Screening Summary

Louisiana Revised Statute 17:24.9 requires that the literacy screener be used as a tool to assist in identifying students for specific programming, including gifted evaluation. In Fall 2022, LDOE administered a survey requesting information from school systems on the number of students who were referred for gifted evaluation as a result of their literacy screening results. The results of the survey are presented in Table 8. 63 traditional school systems and 47 charters responded to the survey. **Overall, results indicate that 1,501 gifted students scored above average on the literacy screener, 4,235 non-gifted students were referred for additional gifted screening and 1,261 of those were referred for gifted evaluation.** Results show that second and third graders were referred for additional gifted screening more than Kindergarten and first graders.

Table 8. Gifted Screening Data

| | Number of gifted students scoring in the above average range on the literacy screener | Number of non-gifted students referred for additional screening | Number of non-gifted students referred for gifted evaluation |
|---------------|--|--|---|
| Kindergarten | 136 | 446 | 119 |
| First Grade | 226 | 996 | 291 |
| Second Grade | 518 | 1,353 | 433 |
| Third Grade | 621 | 1,440 | 418 |
| K-3 Statewide | 1,501 | 4,235 | 1,261 |

Note: Gifted screening and evaluation procedures in Kindergarten are based on intellectual abilities and performance on a reading and math achievement test standardized at the first grade level per state regulations.
