

# Important News for **NONPUBLIC SCHOOLS**

**April 22, 2021**

Dear Colleagues,

April is the Month of the Military Child. Just like all Louisiana children, our educators work to ensure every military-connected child is college or career ready. Military children face challenges unique among our students, whether the deployment or reintegration of a parent or adjusting to frequent moves.

Nationally, there are around 1.2 million active-duty connected children and over 80 percent of those children are in U.S. public schools. In Louisiana, we have just over 11,000 military-connected children. While the majority of our military families are concentrated in a handful of parishes, there are military-connected children in almost every Louisiana school system.

Approximately 200,000 school-age, military-connected children move each year. Studies show that military-connected families average six to nine moves from kindergarten to graduation. This is three times higher than civilian families, and these moves are more likely to be across state lines or national boundaries.

As educators, it's important we ensure an equitable and inclusive environment for all children. Some of the ways to help ease the transitions and challenges faced by our military families include supporting course placement and credit transfers, along with promoting student well-being. The first step to supporting these children, however, is simply being aware of the responsibility that comes from serving these students and sensitive to the needs of their families.

I'm grateful for the service of our military families. The men and women in our armed forces dedicate their lives to defend the freedoms we have as Americans. It's an honor to educate the children of these heroes. Louisiana proudly joins the nation celebrating our military-connected families this month and every month.

Dr. Cade Brumley  
State Superintendent of Education

- Help school systems meet the 20 percent requirement of ESSER III.

	ESSER I Funds		ESSER II Funds		ESSER III Funds	
	Formula	Incentive	Formula Action 1 (50%)	Formula Action 2 (50%)	Formula EB Action 1 (20%)	Formula Action 2 (80%)
Released in eGMS	April 2020	June 2020	March 2021	January 2022	March 2021	TBD
Obligation Period	September 30, 2022		September 30, 2023		September 30, 2024	

*\*SEAs must award ESSER II funds within one year of receiving them, which will be January 2022. SEAs must allocate ESSER III funds in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives those funds.*

### **Literacy Resources and Support**

The Literacy Division launched a Reading Revival campaign to provide an on-demand library of resources for school and system leaders, teachers, and families to effectively implement and support literacy development in children of all ages and stages. These resources are grounded in the four pillars of Louisiana’s Literacy Division:

- Student literacy outcomes will increase when schools create and monitor literacy goals.
- Literacy outcomes will improve when students are provided high-quality core instruction together with explicit literacy interventions and extensions based on individual student needs.
- Ongoing professional growth is an essential component of effective teaching and literacy development.
- Families play an essential role in the literacy development of children at all ages and stages.

Schools and school system leaders, teachers, and families can access these resources on the [Louisiana Literacy webpage](#). Check back often for additional resources, professional development opportunities, and updates.
