To date, the only students who have a waiver from the assessment graduation requirements are graduating seniors who were enrolled at the time of school closing and were in the February 1 enrollment report.

The current waiver does not apply to students who were not enrolled in school or students who are not yet eligible to graduate.

In June, the Department will request a change in policy to waive the assessment requirement for a high school assessment-eligible course earned during the regular school year in 2019-2020 (not including summer credit recovery) for students who would have been initial testers in spring 2020. Students who failed a subject test in a prior administration will not be eligible for the waiver of the assessment requirement.

Update: ACT

- The Department posted new K-12 ACT COVID-19 Preventative Measures Guidance to the Assessment Library. The document outlines actions required to protect the students and adults who will participate in the June 2 state ACT administration. While ACT will issue its own guidance, the Department guidelines supersede ACT guidelines. The ACT Administration FAQ, which includes general information about the June 2 administration, has been updated to include a link to this document.

- ACT announced new flexibilities for summer testing and new test-at-home options that will become available in the fall and winter. Information about at-home testing with remote proctoring will be shared as it becomes available.

- ACT National Test Date
  - Although students are only able to register for June 13 and July 18 for national test administrations in the summer, testing sites can request a one-week delay in administration (June 20 and July 25)

- ACT State Administration
  - June 2 standard paper
  - June 2-4 online
  - June 2-8 accommodated window
  - October 6 and October 20 paper-based administration only for students who were juniors in 2019-2020 and were unable to test in March or June. The Department will cover the cost for one administration per student.

Update Cohort Graduation Data Certification

- Cohort graduation data certification will remain open until June 5. Accountability contacts will be notified prior to the official opening date.

**New: Updated Summer Guidance on Athletics and Transportation Released**

Tuesday, the Department released updated guidelines and guidance on summer programming to include more specific information on transportation and additional information on athletics and activities. The new and updated information includes the following:

1. Updated Initial Public Health Guidelines for K-12 Summer School and Extra-Curricular Programs.
2. Updated K-12 Summer Camp, Summer School, and Extracurricular Activities Supportive Guidance.

Please contact ldoreovid19support@la.gov with questions.

**New: 2020 Teacher Leader Summit: The Virtual Series**

The 2020 Teacher Leader Summit: The Virtual Series will take place from May 28 to June 5. It will bring together a host of educators and content experts who are focused on creating meaningful growth for every student, every day. Educators will share their knowledge, learn new skills, and prepare for the 2020-2021 school year.

Unfortunately, due to limitations with the size of Zoom rooms, additional seats cannot be added at this time. However, the Department is diligently working to accommodate as many Louisiana educators as possible and has provided a few options to ensure access to the content.

The Department has released a list of sessions that will be broadcasted live on YouTube. Anyone interested can view these live broadcasts, including those on the waitlists. The YouTube broadcast will not be moderated and will be view-only. Those who have questions after the simulcast are encouraged to reach out the presenters directly.

All sessions are also being recorded. Look for the recordings to be posted a week after the session concludes in the Teacher Leader Library.

Once registration is confirmed, participants have been granted access to Sched to select preferred sessions. The evening before each session, participants will be sent a message detailing how to connect to the session via Zoom.

The Department is looking forward to delivering seven days of high-quality professional development.

Please contact LDOEEvents@la.gov with questions.

**New: NCCER Releases Module Testing Update**

Please share with CTE Supervisors and professional school counselors.
The National Center for Construction Education & Research (NCCER) updated information about its Module Testing on May 21. To that end, NCCER will be discontinuing paper tests beginning August 1, 2021.

The Department will provide guidance to support schools and NCCER Craft Instructors with implementing the online testing for craft module assessments. As per guidance from NCCER, Performance Profiles will continue to be done in person and submitted as Registration of Training Modules through the registry.

School systems interested in piloting online testing for the 2020-2021 school year are encouraged to contact jumpstart@la.gov. Please contact jumpstart@la.gov with questions.

**Reminder: ELA Guidebook Text Access to Support Distance Learning**
Please share with Chief Academic Officers, curriculum coordinators, and purchasing directors.

The Department has released Strong Start guidance for implementing Louisiana's ELA Guidebooks in high- and low-tech environments. In order for school systems to implement distance learning in any situation, access for ELA Guidebook unit texts and unit materials must be secured.

Consult the timeline chart in the American Reading Company purchasing portal to make decisions about the order of units for the 2020-2021 academic year and receive unit texts before instruction begins.

For school systems that require a low-tech, analog, print-only solution, Distance Learning Guidebook Companion documents will be developed for two units per grade level in grades 3-8 and one unit per grade level will be developed in grades 9-12. A release schedule for Distance Learning Guidebook Companions is available.

Updates to the guidance have been made to include:
- a list of digital text access availability for ELA Guidebook required trade books;
- guidance for supporting diverse learners during distance learning, including accessibility options to support students with disabilities; and
- sample Distance Learning Guidebook Companions.

Please contact elaquirebooks@la.gov with questions.

These lessons will air on LPB from July 6 through Friday, July 31 on a regular daily schedule. They will also be available on-demand at the Great Minds and Illustrative Mathematics websites.

To ensure accessibility for students with disabilities, live broadcasts will have closed captioning and on-demand videos will be available with closed captioning and audio description.

Reminder: COVID-19 Guidance

On April 15, Gov. John Bel Edwards signed a proclamation to extend the closure of public school facilities to students for the remainder of the 2019-2020 school year, to curb the spread of COVID-19. School systems are currently engaging students in distance education.

Please reference the Department’s [COVID-19 Information and Resources](https://www.louisiana.gov/covid) webpage for regularly updated guidance. Review the [K-12 Frequently Asked Questions](https://www.louisiana.gov/education/k-12-faq) document that is specific to the concerns of school systems for the most up-to-date information. Child care providers should refer to the [Early Childhood Frequently Asked Questions](https://www.louisiana.gov/education/early-childhood-faq) for specific guidance. For education-specific information, contact the Department at LDOECOVID19Support@la.gov.

Please contact the Louisiana 211 Network with questions about coronavirus, or text the keyword LACOVID to 898-211 for the most current information about the outbreak as it becomes available.

Reminder: Every Child Counts - 2020 Census

By now, every home has received an invitation to participate in the [2020 Census](https://www.census.gov/2020-census/). The 2020 Census count impacts the federal funds that communities receive each year for programs and services that are critical for schools, students, and younger children, such as:

- Special education, Head Start, after-school programs, and classroom technology.
- Food assistance, including free and reduced-price school lunches.
- Maternal and child health programs.
- Planning, preparedness, and recovery efforts for national emergencies, including COVID-19.

Self-responses, which can be completed online, by phone, or by mail until October 31, ensures federal funding to support Louisiana students. The Department encourages school systems to explore the newly available [2020 Census Toolbox](https://www.census.gov/2020-census/toolbox/education.html) to find activities specially designed to be engaging and appropriate for each grade level, from counting for kindergarteners to examining career statistics for high schoolers.
