

# Important News for **NONPUBLIC SCHOOLS**

**June 24, 2021**

Dear Colleagues,

The minimum health and safety standards approved by BESE last summer will sunset on June 30. While there will no longer be a set of mandates school systems must follow in relation to school operations during the pandemic, we are releasing an updated set of operational guidelines to support system leaders as they plan for the safe reopening of schools for 2021-2022. These guidelines will be released this Thursday, June 24, during a live webinar we're hosting with the Louisiana Department of Health. Please plan on joining us Thursday at 3 p.m. The access information is below.

- **Webinar Date and Time:** June 24 at 3 p.m.
- **Webinar Link:** <https://ldoe.zoom.us/j/94130675139>
- **Webinar Phone Number:** 301-715-8592
- **Meeting ID#:** 941 3067 5139
- **Contact for Questions:** [LDOECOVID19support@la.gov](mailto:LDOECOVID19support@la.gov)

These operational guidelines are the product of our continued collaboration with LDH and state medical professionals. They are informed by the latest CDC recommendations and on what we've learned together successfully educating children in-person this school year during the heart of the pandemic. School system leaders can choose to implement guidelines based on what best serves their local community context.

Even without the requirement of policy, I know our system leaders will continue to make decisions that are in the best interest of the children, educators and families in their community. As educators, we are not experts on the virus. That's why we have established strong relationships with state and local health officials since the start of this crisis. Just like last summer, our guidance and the unwavering commitment of our educators will serve as the foundation for the school year ahead.

Dr. Cade Brumley  
State Superintendent of Education

2. Deadline for student registration
3. Contact information available on your FTP
4. Student registration details

**Scholarship seat allocation process and upcoming webinar**

Thank you for your patience and partnership throughout the roster verification process. We recognize that there are many outstanding questions regarding this year’s award process; in an effort to address those questions, we invite you to participate in the upcoming webinar,

information listed below. We want to provide you with additional information regarding the awarding process for this year in an effort to provide clarity and transparency.

The LDOE will be hosting a webinar on Monday, June 28th from 2:00-2:30pm for participating LSP schools to learn more about the 2021-2022 scholarship seat allocation process.

**When:** June 28th, 2:00-2:30pm

**Where:** <https://ldoe.zoom.us/j/92711804133>

### **Deadline for student registration**

Scholarship recipients and students that were not provided a scholarship, have been notified via email and should receive notification via mail in the upcoming days. Award notifications provide families with direct school contact information for registration, as a result, it is the responsibility of the school site to ensure that a staff member is available to guide the registration process for scholarship recipients.

We understand that rosters were finalized later this year than in previous years, and as a result we are **extending the registration deadline to 5:00pm on July 7th, 2021**. Please ensure that final roster files indicating which students have registered are submitted into your FTP by 5:00pm on July 7th, 2021.

### **Contact information available on your FTP**

Files have been placed in your FTP site containing contact information for assigned students to assist with this process. Files are located in the 2021-22 LSP folder and labeled “[Site code] Roster Contact Info.”

### **Student Registration Details**

Please see below for additional information regarding registration (also included in the [Scholarship Participation Guide](#))

### ***How do families register at their student’s awarded Scholarship school?***

Families must register at the school to which they were awarded by the deadline included in the award letter. Families who don’t register by the deadline will lose their Scholarship award. Families should follow the school’s directions when registering, but families must share their

income and residential eligibility information for a final review.

In addition, when completing registration at a participating school, families are required to sign the following three forms in order to claim their scholarship award. These forms must be re-signed every year. The parent/guardian must complete each form. The original signed forms for each Scholarship recipient must be maintained in the student's cumulative folder upon enrollment. Compliance with this requirement is subject to audit. Therefore, this information must be retained for the duration of the student's enrollment plus three years, together with all other information related to the enrolled Scholarship award student.

**A copy of the forms are attached to an email sent on 6.23.21 from studentscholarships@la.gov.**

<b>FORM</b>	<b>BY SIGNING THIS FORM, FAMILIES INDICATE UNDERSTANDING OF THE FOLLOWING:</b>
Parent Waiver for Special Education Services	<ul style="list-style-type: none"><li>• Scholarship schools are not required to provide special education and related services.</li><li>• Parents waive their right to any special education and related services their child may have.</li></ul>

## Operations

## Communications

### **P-EBT Communications Update**

#### **Updates as of June 23**

- Families are beginning to receive their P-EBT cards. Cards will arrive in a plain white envelope from “LifeinCheck EBT.”
- DCFS is receiving a high number of phone calls from families unable to activate their P-EBT card with their student ID number. DCFS is encouraging these families to contact their school or school system to ensure they have the correct student ID number. Please communicate with families where to locate their student ID number.
- Some families have also been unable to contact someone at their school or system to change addresses or confirm eligibility information. This is important, as the schools are able to verify that the caller is the child’s guardian. Please communicate a system/school-level point of contact with families during the summer months to verify their information.
- DCFS has launched a new [P-EBT landing page](#) that includes information specific to [K-12 students](#), [early childhood](#), and [card activation/benefit use](#).
- DCFS will continue to update its [school/system status list](#), which lets families know if their system has submitted student data for P-EBT. Eligible families cannot receive benefits until schools/systems submit data to DCFS.

Schools and school systems should expect to receive calls from families inquiring about their P-EBT benefits because of the change in how benefits are being distributed for 2020-2021. Unlike last spring when families had to apply through a state portal in order to receive benefits, this year families do not have to apply for benefits.

Prior to receiving their P-EBT card, families will receive [this](#) flyer in the mail from DCFS notifying them that they can expect to receive their cards within 30 days. Schools are continuing to submit data, and DCFS will continue to process remaining files into July and August. However, most of the flyers associated with the P-EBT program for the 2020-21 school year are expected to be mailed by late June. Eligible students have started receiving P-EBT cards. P-EBT cards will be distributed in phases as DCFS receives data from schools/systems. Please contact [carol.moseley@la.gov](mailto:carol.moseley@la.gov) with questions about data submission.

Please ensure the communication of information to families about P-EBT benefits. DCFS has developed [downloadable resources](#), a dynamic [FAQ page](#), a special [landing page](#), and [guidance for school systems](#). Additional resources are linked individually below.

## Nutrition Support

### **P-EBT Local Level Funding for Schools Grant**

Pandemic Electronic Benefit Transfer (P-EBT) administrative funds are available to all National School Lunch (NSLP) and School Breakfast (SBP) program operators responsible for activities related to FY 2021 State Pandemic Electronic Benefit Transfer (P-EBT). Eligible activities include those that occurred between October 2020 and September 2021, in conjunction with P-EBT benefits issued for school year 2020-2021 and summer 2021. Districts that operated the NSLP Seamless Summer Option (SSO) or the Summer Food Service Program (SFSP) in place of traditional school meals programs, due to COVID-19 waivers, may also be eligible. Previous USDA guidance for P-EBT local level funding required SFAs to submit application requests. These requests were to be submitted in two collection intervals — May 2021 and August 2021. In early June, USDA released new flexibilities to the local level funding reimbursement process. Instead of having SFAs submit a request, the State has the flexibility to award a specified dollar amount to all eligible entities based on the number of P-EBT eligible children in lieu of collecting itemized cost information. For additional information, please reference memo [SFS-21-x187](#) recently released by the Division of Nutrition Support.

Please contact [childnutritionprograms@la.gov](mailto:childnutritionprograms@la.gov) with questions.

### **COVID-19 Vaccine Promotion at Summer Meals Sites**

The Division of Nutrition Support is requiring that Summer Food Service Program (SFSP) sponsoring organizations distribute educational materials regarding COVID-19 vaccination at summer meal sites to support the health and safety of the community. Sponsors will receive postcards, yard signs, and posters to distribute to their sites. These materials are provided by the Louisiana Department of Health. For additional information, please reference memo [SFS-21-x181](#) recently released by the Division of Nutrition Support.

## Legislative Affairs, Policy, and Workforce Support

## Healthy Communities

### **Bring Back Louisiana**

The Louisiana Department of Health (LDH) has launched [Bring Back Louisiana](#).

Individuals ages 12 and up are now eligible for the Pfizer COVID-19 Vaccine. LDH strongly encourages on-site back-to-school vaccination events for students. Adolescent vaccinations are a critical tool in keeping schools open and ending the pandemic. These events will operate the same as teacher vaccination events that occurred earlier this year, with Regional Health Officials coordinating directly with individual school districts.

Please contact [la.immunization@la.gov](mailto:la.immunization@la.gov) with questions or to plan an event.

## Teaching and Learning

### **Staffing and Scheduling Best Practices Initiative**

The presentation from the Q&A Session on staffing is posted in the [School System Support Library](#) under Staffing and Scheduling. This session highlighted the most frequently asked questions on implementing effective staffing models for system leaders.

The Q&A session for scheduling will be held on **June 30 at 1 p.m.** System and school leaders need to [register](#) for the session.

Please contact [em.cooper@la.gov](mailto:em.cooper@la.gov) with questions.

Fellows selected into this program will engage in rich professional learning as a cohort of like-minded educators who are committed to championing environmental literacy for the students of our state.

Fellows will be selected through a competitive process and will have access to comprehensive support as they engage in the co-design of educational resources that will be used with their students and shared on the Department's website. Although participation is not required, preference will be given to applicants who participate in one or more of the [Summer Environmental Workshop Series](#). Applications will be accepted until **July 28 at 5 p.m.**

## ***Assessments, Accountability, and Analytics Reminders***

### **Assessment Literacy Initiative**

Beginning in the 2021-2022 school year, the Louisiana Department of Education (LDOE), in partnership with [The Center for Assessment](#), will launch the Assessment Literacy Initiative. The goal of the initiative is to cultivate assessment literacy among Louisiana educators in order to improve student learning. This will be accomplished through a series of learning modules developed with educators from across Louisiana.

In the 2021-2022 school year, the LDOE will be partnering with up to 20 teams of educators from school systems across the state. Each team will include one school system leader, one school leader, and two teachers — math and science. (In the second year of the initiative, the focus will be on ELA and social studies.)

The school-system teams will participate in a series of virtual meetings that will take place during school hours. The series will consist of a kickoff meeting and five, three-hour professional learning sessions. Participants must engage in every session, complete practice activities to share and apply new learning using the professional learning structure, provide feedback on each session to inform their ongoing development and improvement, and agree to share their learning with others in the following year (2022-2023). School systems will receive substitute stipends for qualifying educators that participate in the sessions.

To apply, school leaders should complete the [interest survey](#) by **June 30**.

The Department released the [Supporting Early Learning and Literacy](#) (SELL) vendor guide to provide schools and systems with available tools and trainings that are scientifically based on the foundations of reading. In order to implement the Early Literacy Commission recommendations, school systems and centers need to invest in early learning and literacy resources. This guide provides networks with a list of partners that can deliver professional development to develop the capacity of educators to effectively identify and support the early learning and literacy needs of children. School systems can access this guide in the [School System Support Toolbox](#) under Instructional Resources.

Please contact [louisianaliteracy@la.gov](mailto:louisianaliteracy@la.gov) with questions.
