Super App Launch Session List

Each year, school systems build a plan for how to improve student learning for the coming year. This process involves reviewing student achievement and student progress, establishing priorities, and building a budget aligned to these priorities using all available funding sources. Super App is a tool that allows school systems to plan for their needs, access their formula funds, and apply for competitive funds on one timeline.

In an effort to support school systems with this process, the Department launched the 2021-2022 School System Planning process and Super App last week at the Super App Launch Virtual Event. The Super App Launch Virtual Event supports school systems in:

1. Reviewing the progress the state has made in improving Louisiana's persistently struggling schools.
2. Explaining new opportunities to support schools.
3. Describing updates to the School System Planning Framework and Super App process.

To gain access to all Super App launch presentations, view the [2021-2022 Super App Launch Session List](#), which includes virtual session descriptions as well as presentation and recording information.

Please email LDOE.grantshelpdesk@la.gov with questions.

BinaxNOW Rapid COVID Testing Kits Survey Extended

The survey will request the following information:

- Name of the delivery location
- Point of contact (Need name, email, phone number)
- Delivery address
- CLIA Waived Certificate # or the community provider who will be testing so LDH can obtain all the same information on the number of BINAX tests requested (recommend estimating number based on 20 percent of school system's census)

School systems that would like to request BinaxNOW Rapid Testing kits are encouraged to [complete this survey](#) by **November 20**.
