March 2, 2023

Dear Colleagues,

These past few years have come with unprecedented challenges, but educators across Louisiana continue to meet the moment and move students forward. Success is not easy, but it is achievable. We’re seeing it first-hand whether during our Louisiana Comeback Campus visits or our latest Models of Excellence award.

Models of Excellence is the highest honor given by the Louisiana Department of Education. Earlier this month, it was presented to the Calcasieu Parish School Board (CPSB) for their innovative approach to ensuring students at every CPSB high school have access to challenging courses taught by highly qualified teachers. CPSB’s Virtual Instruction Program (VIP) provides students at all high schools with access to high quality courses such as STEM, Dual Enrollment, and Advanced Placement. Teachers certified in hard-to-staff classes are housed in one location where they deliver synchronous virtual instruction to students in all CPSB high schools.

Thanks to the VIP model, students have access to 30 courses few CPSB high schools would be able to offer individually. VIP course offerings also provide an opportunity for over 60 hours of free college credits to students in every high school.

Models of Excellence was created to provide models and best practices for all Louisiana school systems. Resources will soon be available on the program in Calcasieu Parish. You can now learn more about previous MOE recipients such as high quality science curriculum in Lafourche Parish, literacy interventions from DeSoto Parish, pre-educator pathways from Rapides Parish, summer learning programs from East Feliciana Parish, and K-2 literacy from Phillis Wheatley Community School in Orleans Parish.

CPSB is blazing a trail to ensure students have access to great teachers and courses that would otherwise not be available at every high school. This program is a model that should be considered across our state.

Louisiana Scholarship Program

**2023-24 Tuition and Fee submissions**

All schools must submit 2023-2024 tuition and fee information by 5:00 p.m. on March 17th via this form. *Please do not use old/saved links to complete this form.*

Schools submit tuition and fee information to the LDOE. Tuition and fees received through the Scholarship Program for participating students must not exceed tuition and fees charged to enrolled students not participating in the program. Scholarship funds may not be used to pay tuition and fees for students not participating in the Scholarship Program.

Eligible fees are those charged to all students, regardless of scholarship participation. *Please do not list any non-eligible fees that are charged only to some students.* Provide the fee description in the first column.
Examples of eligible fees include but are not limited to:
- new student registration,
- graduation fees,
- technology fees, etc.

Examples of ineligible fees include but are not limited to:
- non-Catholic student fees,
- transportation,
- optional extracurricular fees,
- out of parish fees,
- parish support fees,
- fees charged per family,
- fees that can be waived through service hours or fundraising, etc.

Please enter the tuition and eligible fees for EVERY grade served by the school, even if there are no current Louisiana Scholarship Program students enrolled in those grades.

For example, if the school serves grades 6 - 8, then there should be tuition and fee amounts filled in for grades 6 - 8.

In addition to submitting tuition information and documentation, schools must upload signed copies of:
- Individual Enrichment Assurances Form, signed by all board members, school administrators and principals
- Educational Purposes Assurances Form, signed by the principal

The tuition and fees charged for a sample of non-Scholarship students will be reviewed to verify that the tuition and fee amount charged for these students is not less than the amounts charged to students participating in the Scholarship Program.

In the event that the financial audit identifies a finding regarding inappropriate payment of tuition and fees, payment adjustments will be made, schools may be required to reimburse the Department for overpaid tuition and fees, and schools may receive further sanctions.

If you have any questions about the form, please email studentscholarships@la.gov for assistance.

Based on the 2021-2022 Teacher Exit Survey Report, the top three reasons for teacher departure are consistent with previous years: (1) resigned - personal circumstances, (2) accepted a teaching or leadership position within Louisiana, and (3) retirement.
