Tuition and Fees for 2022-23

All schools must submit 2022-2023 tuition and fee information by **5:00 p.m. on June 24th** via [this form](#). **Please do not use old/saved links to complete this form.**

Schools submit tuition and fee information to the LDOE. Tuition and fees received through the Scholarship Program for participating students must not exceed tuition and fees charged to enrolled students not participating in the program. Scholarship funds may not be used to pay tuition and fees for students not participating in the Scholarship Program

Eligible fees are those charged to all students, regardless of scholarship participation. **Please do not list any non-eligible fees that are charged only to some students.**

- **Examples of eligible fees include:** new student registration, graduation fees, technology fees, etc.
- **Examples of ineligible fees include:** non-Catholic student fees, transportation, optional extracurricular fees, out of parish fees, etc.

Please enter the tuition and eligible fees for EVERY grade served by the school, even if there are no current Louisiana Scholarship Program students enrolled in those grades. *For example, if the school serves grades 6 - 8, then there should be tuition and fee amounts filled in for grades 6 - 8.*

In addition to submitting tuition information and documentation, schools must upload signed copies of:

- [Individual Enrichment Assurances Form](#), signed by all board members, school administrators and principals
- [Educational Purposes Assurances Form](#), signed by the principal

The tuition and fees charged for a sample of non-Scholarship students will be reviewed to verify that the tuition and fee amount charged for these students is not less than the amounts charged to students participating in the Scholarship Program. In the event that the financial audit identifies a finding regarding inappropriate payment of tuition and fees, payment adjustments will be made, schools may be required to reimburse the Department for overpaid tuition and fees, and schools may receive further sanctions.

If your school is not listed on the Jotform, please email studentscholarships@la.gov to have your school added to the list.

Assessments, Accountability and Analytics

DRC Student Corrections Online Cleanup

Please share this information with school and district test coordinators.

The DRC Student Corrections System opened on June 13 and will close on June 20. This process provides schools and systems with the opportunity to correct impending zeros and some demographic data for LEAP 2025 testing and LEAP Connect.

- District test coordinators and school test coordinators can access the system using the same login that is used for testing in the DRC platform.
- A data file has been created for LEAP grades 3-8, which does not include scores but does include confirmation of tests taken. This file is important to the cleanup process. The file is available under *Report Delivery* in DRC INSIGHT.
- No extensions can be granted for this cleanup.

Please contact assessment@la.gov or jennifer.baird@la.gov for questions related to DRC Student Corrections.

National Student Clearinghouse (College Enrollment) Data Sharing Agreement **Please share this information with system leaders.**

The LDOE has entered into an agreement with the National Student Clearinghouse to obtain college enrollment for high school graduating students. National Student Clearinghouse (NSC) is the only organization that has specific enrollment and degree information from over 3,600 colleges and universities throughout the United States, whose combined enrollment represents over 96 percent of all higher education enrollments nationwide. This is an opportunity for the LDOE to offset the cost for school systems by purchasing the data in a state-level contract funded by the LDOE. The LDOE will make these data available through EdLink to school systems that sign the data sharing agreement addendum, at no cost to schools. Pursuant to La R.S. 17:3912, the LDOE is charged with making college enrollment information available to legislators, all school systems, and the public. This information will inform Louisiana's high school graduates' postsecondary success.

Action Item for School Systems who have not already submitted this NSC addendum.

1. Review the LDOE-NSC executed agreement: [NSC Agreement](#)
2. Obtain school system superintendent signature on this opt-in addendum: [NSC Addendum](#)
3. Submit the signed agreement to ldedata@la.gov or use this [Submission Link](#)

If you are unsure if your school system has submitted the NSC addendum, please review the [Data Sharing Agreement Tracker](#). This tracker indicates which agreements have been received.

Teacher Leader Summit

Please share with summit attendees.

Louisiana's largest professional development event for educators opened May 31 for its tenth anniversary at the Ernest N. Morial Convention Center in New Orleans. The theme of the tenth annual Teacher Leader Summit was **Making a Comeback**, a reference to the resiliency educators have demonstrated over the past several years and how Louisiana continues to make significant academic strides in the face of immense adversity.

To celebrate the tenth year and Making a Comeback, educators were invited to visit the photo booth throughout the week. Images taken at the photobooth were then compiled into a [mosaic image](#). Can you spot your photo?

School Improvement Best Practices

Please share with system leaders.

The 2022 Louisiana School Improvement Best Practices training sessions are delivered virtually unless otherwise noted by your school system. If you have not registered to attend the training sessions, it is encouraged to register as soon as possible. The [training sessions](#) will be capped for capacity to allow for facilitators to better engage with individual educators. Each school can send up to five participants. [Registration](#) for the virtual training sessions will close two weeks prior to the start date.

All CIR and UIR-A schools will be required to participate in the Instructional Leadership Team (ILT) Support and Teacher Collaboration Support training sessions, as well as the accompanying online portal and two days of on-site and/or virtual coaching as follow-up support to the training.

- If a CIR or UIR-A school participated in ILT support or Teacher Collaboration support trainings in Summer 2021, then it is required that they complete the next level training in that area in Summer 2022.
- If a CIR or UIR-A school did not participate in ILT support and Teacher Collaboration support trainings in Summer 2021, then it is required that they complete the foundational training in those areas in Summer 2022.

While all CIR and UIR-A schools are required to participate in the Instructional Leadership Team Support and Teacher Collaboration Support training sessions, all schools in Louisiana may participate in this opportunity to support implementation of these essential practices this summer.

New Teacher Experience: Pilot Opportunity

Please share with school leaders and system leaders.

The New Teacher Experience (NTE) [Pilot](#) will provide school systems strategies to foster a community of practices and create conditions for effective teaching and learning. In addition, the pilot will support the direct work of principals, mentors, and colleagues with new teachers. Participating school systems will be asked to implement best practices throughout the year and work with the LDOE in fine tuning the New Teacher Experience.

School systems may be interested in participating in this pilot if they do not have a support program in place for new teachers, or if they have one that they want to modify to include additional best practices. All pilot participants will need to have teachers participate in at least two of the following supports for new teachers:

- Affinity groups
- Professional Development Modules
- Mentoring

Funding will be provided to support the NTE pilot. Funding may be used for:

- Stipends for Mentors supporting new teachers.
- Funding for Mentor training and credentialing.
- Travel costs for attending in person trainings.
- Completion stipends for participating new teachers.

The [application](#) for this pilot opportunity is open now. If interested, please submit an application by **June 24**.

All Mentor funds should be paid out by the end of the school year. Mentor funds are 8g and must be spent by **June 15**.

CIS Teacher and Staff Evaluations

Please share with systems leaders, school leaders, human resource directors, and data directors.

The [Compass Information System \(CIS\)](#) teacher evaluation upload window is open. Systems are encouraged to begin uploading teacher and staff evaluations. The tech team is working to repair an issue that is preventing VAM teacher observation and SLT scores from being submitted. CIS Administrator contacts will be notified as soon there is a resolution. Please continue to:

- Enter and rate both SLTs for teachers and staff.
- Enter professional practice scores (for 2021-2022 only, if the evaluated person scored “Effective: Proficient” or “Highly Effective” (2.5 and above), enter the single score twice).
- Finalize evaluations for non-VAM teachers.

Resources for [evaluation uploads](#) are located in the [Compass Library](#).
