

LDOE WEEKLY NEWSLETTER

March 14, 2023

Dear Colleagues,

Student safety is our foremost responsibility as educators. Limiting how visitors gain access to our campuses is one of the most foundational steps we can take. This Thursday at 3 p.m., [we are hosting a webinar](#) to announce a grant opportunity to help school systems provide a secure and safe environment through the creation of a single point of entry.

The Louisiana Department of Education is directing \$21 million to LEAs through the Stronger Connections Grant program. We intend to use these one-time funds to harden the perimeters of our schools. Eligible LEAs can apply for competitive subgrants through April 3.

Projects may include surveillance cameras, metal detectors, or other physical security equipment or construction renovations to enhance security at a single point of entry. We're also encouraging school systems to solicit feedback from educators, parents, and the community on school safety.

Access control is a school safety best practice broadly supported among experts. I encourage interested school systems to [join our informational webinar](#) Thursday, March 16 at 3 p.m. If you have questions, please contact LDOE.grantshelpdesk@la.gov.

Compass Information System (CIS) Reminders

Please share with system leaders, school leaders, human resource directors, and data managers.

Please use the [CIS 2022-2023 Timeline](#) to assist in [monitoring](#) data entry in the [Compass Information System \(CIS\)](#). The following tasks should be completed in CIS at this time:

- School site rosters should be updated. All teachers of record and school leaders should receive an evaluation with scores entered into CIS, including uncertified teachers, TAT certificated teachers, and those hired later in the year. Long-term and hired substitutes can also be evaluated to aid in their certification efforts.
- Evaluators should be assigned for all teachers, counselors, librarians, and school leaders. Teachers should have a teacher evaluation type, and school leaders should have a leader evaluation type, even if a waiver has been obtained for an alternate observation rubric.
- Teachers, counselors, librarians, and leaders should have at least two Student Learning Targets (SLTs) entered and accepted in CIS at this time. Bulletin 130 now requires all SLTs to be discussed in a meeting between the evaluator and the evaluatee.
- Observations should be entered into CIS as they are completed. Educators who score "Highly Effective" or "Effective: Proficient" on the first observation do not require a second observation. The evaluatee may request a second observation. Those scoring "Ineffective" or "Effective: Emerging" will require a second observation. The first observation score is entered twice in CIS for those who qualify for the waiver.
