Title IV, Part A, CARES Act Fiscal Waiver Flexibilities for SY 2020-2021

In addition to the Title IV Waiver Flexibilities currently available for Title IV, Part A Funds for 2019-2020 **prior year** funds, all school systems are encouraged to take advantage of the Title IV Fiscal Waiver Flexibilities for the current year, SY 2020-2021, Title IV award.

These recently extended fiscal waiver flexibilities allow local school systems to apply the following provisions to the current school year 2020-2021:

- Target Title IV, Part A funds directly to specific needs of school systems within the intent of Title IV programming without having to adjust the Title IV Needs Assessment.
- Disregard the Content Area 'Required Percentages' in order to get the maximum fiscal flexibility driven by the school system's current needs. For example, school systems will be allowed to target more funding toward technology infrastructure (i.e. student devices, internet connectivity, etc.) without being limited to the fifteen percent requirement for Infrastructure/TIN in the Effective Use of Technology section.

School systems can access the Title IV fiscal flexibilities immediately by amending their 2020-2021 Super App. The following areas must be amended:

1. Signing off on the Title IV waiver assurances
2. Noting changes on the Amendment Description tab
3. Aligning actual amounts projected on the Title IV Allowable Uses Page
4. Adjusting the appropriate Domain Budget Detail page

Note: These flexibilities apply to Title IV, Part A funds for the prior year 2019-2020 and current year 2020-2021 currently available in the 2020-2021 Super App for each LEA.

Assessments, Accountability, and Analytics

Pandemic Electronic Benefit Transfer (P-EBT) Program

The Louisiana Department of Children and Family Services (DCFS) needs assistance in providing data on families participating in the National School Lunch Program (NSLP) or School Breakfast Program (SBP). DCFS intends to implement Pandemic Electronic Benefit Transfer (P-EBT) Program benefits and provide P-EBT to eligible Louisiana families via an EBT card for the 2020-2021 school year.

To ensure all qualified students for this school year are reached, DCFS plans to implement P-EBT by utilizing direct certification through data matching, allowing direct issuance of benefits to eligible households. With direct certification, there is no application process and does not require any action by families.

DCFS is asking for assistance in obtaining monthly data by school site from the beginning of the 2020-2021 school year in August 2020 through the remainder of the school year.

1. Total days on-site school closed to all students by month
2. Total (or average) on-site days attended by hybrid students per month

Please enter this aggregate data by site in [Jot Form](#) by **March 19**.

This data is to assist DCFS with their initial application to USDA. Please note that they will also need individual student data for all children eligible for free/reduced priced meals in order to issue P-EBT benefits. A separate communication will be sent requesting this data once DCFS is prepared for that data.

Please contact Amanda Skinner, Division of Family Support at 225-342-1634 or amanda.skinner.DCFS@la.gov with questions about the application DCFS is submitting or plans DCFS has in implementing P-EBT.

Please contact kaylie.loupe@la.gov with questions concerning the data being collected or the Jot Form.
