Dear Colleagues,

The next week brings us several batches of information based on which to evaluate our strengths and weaknesses, and to create plans for improvement.

As you know, the National Assessment of Education Progress, or NAEP, releases the results of its main test every two years, measuring the reading and math proficiency of students across the U.S. and individual states. These results will be made public Wednesday of this week. You can find a brief summary of Louisiana’s 2019 NAEP outcomes [here](#). Highlights discussed in the summary include notably positive trends in short-term and long-term outcomes in our state, gains in which you and your teams can take tremendous pride.

- In 2019, Louisiana ranked number one in the nation for improvement in 8th grade math, a longtime area of focus for school systems and the Department. The state improved on three of four NAEP tests and ranked high for its growth in each of the three areas.
- Over the last decade, Louisiana’s rate of improvement on each NAEP assessment has significantly outpaced the nation. *Our state ranks in the top ten among all states for improvement on each NAEP assessment over that decade.*

Tomorrow, ACT will also release its annual report (school systems, schools, and students already have scores). Louisiana’s average composite score declined this year. As you are doing, my team and I are identifying areas for particular focus going forward. We are also in dialogue with ACT about the assessment and where particular groups of students are struggling.

Finally, on November 5, the Department will release the early childhood education program "Honor Roll" results. School performance scores and early childhood performance profiles will be released on November 6. You will receive statewide performance information November 5—you already have your schools’ information and should be in dialogue with the state about outcomes—and have a briefing scheduled for 10:00 a.m. on November 6 as part of the Department’s quarterly superintendent call.

This process of releasing outcomes launches school systems across the state into planning for the future. Super App is a unified application that asks school systems to build one plan for school improvement and to budget federal formula and competitive dollars in service of that plan. This year’s Super App improves upon last year’s by expanding strategies for teacher professional development, adding opportunities for funding science and specialized supports for students with disabilities, and including early childhood education in school system plans. To learn more, please join the [Super App Preview Webinar](#) for superintendents this Friday at 1:00 p.m. You can also find information related to Super App launch events, helpdesk contact information, and webinars in the body of this newsletter. [Assistant Superintendent Pozniak](#) and her team are available again this year to provide individualized consultations to school systems through this process.

We continue to improve because we examine our results, identify our needs, and plan for the future. I’m looking forward to doing it again.

As always, thank you for all you do for our children,

John

**New: U.S. Presidential Scholars Program**

The U.S. Department of Education has invited chief state school officers to nominate outstanding students for the [U.S. Presidential Scholars Program](https://www.presidentialawards.gov/). This year, states are allowed to submit nominations for up to twenty-five outstanding students who would otherwise not qualify under the program’s traditional academic component (automatically qualified based on ACT/SAT scores) or arts component. Nominations may also include students who have demonstrated outstanding achievements in career and technical education (CTE).

The Department invites school systems to submit nominations for up to three outstanding students. The nominations must include a male and female student for the general category, and at least one nomination should be for a student who has been successful in CTE. Students must be high school seniors scheduled to graduate or receive a diploma between January and August of 2020. Please review the [additional program requirements](https://www.presidentialawards.gov/) to learn more.

Nominations should be submitted through a single nomination letter for all nominees (not to exceed three pages total) signed by the local superintendent or school leader, and emailed to [leslie.hill@la.gov](mailto:leslie.hill@la.gov) no later than November 15 at 4:30 p.m. Please include the student’s name, home mailing address, gender, and email address, as well as the high school name, mailing address, and CEEB code. Selected nominees will be sent through a secure online form to the U.S. Department of Education. Please note “Presidential Scholars” in the subject line.

Please contact [leslie.hill@la.gov](mailto:leslie.hill@la.gov) with questions.

**Reminder: Release of School and Center Performance Communications Toolkits**

Please share with family engagement coordinators, principals, and early childhood directors.

The Department recently released a toolkit to help school systems, schools, and early childhood centers communicate the release of their 2019 performance scores in the [Louisiana School Finder](https://www.louisianaschoolfinder.org/). The toolkit includes resources such as:

- School Finder flyer, poster, website button, and social media graphics
- Sample early childhood and K—12 news releases
- Animated videos to help explain early childhood performance profiles
- Early childhood and K—12 customizable parent night presentations

All resources are available in the [principal support library](https://www.louisianastate.gov/portal/lde/lsf/toolkits). All videos are available on the Department’s [YouTube channel](https://www.youtube.com/channel/UC4JZ5z7lZ4Dy6Qb26bFQ5Sg) on the “School Finder” playlist.

Assessment and Accountability

For District Testing Coordinators and Accountability Contacts

**Important: Interests and Opportunities Online Principals Survey**
- The Online Principals Survey that will be used to award points for the new Interests and Opportunities index was distributed via accountability contacts on September 30. Principals will have until November 1 to complete the survey, which is 2.5 percent of the 2020 SPS in schools with grade combinations from the K—8 range and 5 percent for high schools.
- For K—8 schools, the October Class Collection (CUR, PEP, SIS) will be used to identify the students enrolled in PE, visual art, performance art, and world language courses, which determines an additional 2.5 percent of the SPS.
- To streamline the process for superintendents’ review and approval of surveys submitted by principals, the Department created an Excel file that contains links to the completed surveys. The 2019 Principal Survey Completion Report has been posted to the secure FTP and will be updated weekly.

**Important: Post-Data Certification Rosters**
- Student-level rosters for all indices used in the calculation of school performance scores have been updated to include approved changes and voids, and are now available on the secure FTP. As schools and districts discuss the SPS with network leaders, the post-data certification rosters should be used to verify data.
- Please note: Corrections that should have been resolved during the data certification process cannot be used as grounds for an appeal or waiver of the SPS.
General
- District test coordinator and accountability announcements are only sent to contacts who are on file with the Department. Please “create a new contact” for all contacts in the Louisiana School System Contact Form. Only contacts added to this form will receive communications from the Department.

LEAP 2025
- Fall high school test setup is now open in the DRC INSIGHT portal. District and school test coordinators should create test administrator numbers, verify accommodations, and assign students to test sessions. Please note: Accountability codes should not be applied until the end of the window for initial testers. Accountability codes are not necessary for students who are retesters.
- Fall 2019 Test Administration and Test Coordinator manuals are now available in the DRC INSIGHT portal for printing and distribution to school test coordinators and test administrators.
- School systems must submit their fall LEAP 2025 high school test administration schedules for school to assessment@la.gov as soon as possible.
  - **October 31:** Deadline for district test coordinators to complete important pre-test preparations in DRC INSIGHT:
    - select the delivery mode for LEAP 2025 grades 3 and 4 testing (online or paper);
    - verify or adjust the number of test booklets needed; and
    - verify enrollment numbers for all grades.
  - **November 15:** Deadline for school systems to submit requests to assessment@la.gov for fall LEAP 2025 high school after hours testing (later than 4:30 p.m.). Submission should include the six-digit site code of the school.

K—3
- **October 31:** Deadline for data managers to submit the KEA and K—3 data with the SIS K—3 Assessment Collection or in the Teaching Strategies platform for GOLD. The collection window is officially open as of October 16.
- Data managers should reference pages 13—17 in the SIS K—3 Assessment Collection Guidance for record layout and coding.
- **October 31:** Deadline for Pre-K Early Childhood Fall Checkpoint in the Teaching Strategies Platform for GOLD.

ACT and WorkKeys
- Resources can be found on the ACT State Testing site or by contacting the WorkKeys helpdesk at 800-967-5539 (800-WorkKey).

NAEP 2019-2020
- Thirty-one Louisiana schools are participating in the NAEP 2019-2020 Long-Term Trend Study. Each principal will designate a school coordinator (SC) to support the administration of the NAEP test. The school coordinator will need to complete tasks during the pre-assessment period, collect student information, and enter it online. The deadlines for completing the Provide School Information (PSI) and E-filing are as follows:
  - **Completed:** Schools with age 13 students have completed the PSI and E-filing processes
  - **November 8:** Schools with age 9 students
  - **January 17:** Schools with age 17 students
