

LDOE Weekly Newsletter

November 10, 2020

Dear Colleagues,

This week we honor all who have served in the U.S. Armed Forces. Every Veterans Day, I think of the countless educators who started their careers of service in the military. I think back to my time as a teacher and principal and remember all my former students who graduated high school and went on to success in one of our military branches. I also think of both my grandfathers who fought in WWII for the U.S. Army.

Thank you to all of our veterans. I'm grateful for your service and sacrifice.

Dr. Cade Brumley
State Superintendent of Education

School System Support

Super App Launch Session List

Each year, school systems build a plan for how to improve student learning for the coming year. This process involves reviewing student achievement and student progress, establishing priorities, and building a budget aligned to these priorities using all available funding sources. Super App is a tool that allows school systems to plan for their needs, access their formula funds, and apply for competitive funds on one timeline.

In an effort to support school systems with this process, the Department launched the 2021-2022 School System Planning process and Super App last week at the Super App Launch Virtual Event. The Super App Launch Virtual Event supports school systems in:

1. Reviewing the progress the state has made in improving Louisiana's persistently struggling schools.
2. Explaining new opportunities to support schools.

3. Describing updates to the School System Planning Framework and Super App process.

To gain access to all Super App launch presentations, view the [2021-2022 Super App Launch Session List](#), which includes virtual session descriptions as well as presentation and recording information.

Please contact School System Relations Coaches (formerly Network Coach) prior to emailing LDOE.grantshelpdesk@la.gov with questions.

BinaxNOW Rapid COVID Testing Kits Survey Extended **Please share with school system leaders.**

The Louisiana Department of Health (LDH) has BinaxNOW Rapid Testing kits available upon request for school systems to access when a CLIA Waived Certificate Number or community health provider has been identified. In order to access these test kits, school systems will need a designated point of contact to complete a survey.

The survey will request the following information:

- Name of the delivery location
- Point of contact (Need name, email, phone number)
- Delivery address
- CLIA Waived Certificate # or the community provider who will be testing so LDH can obtain all the same information on the number of BINAX tests requested (recommend estimating number based on 20 percent of school system's census)

School systems that would like to request BinaxNOW Rapid Testing kits are encouraged to [complete this survey](#) by **November 20**.

Please contact LDOECOVID19support@la.gov with questions.
