Dear Colleagues,

As you may have read or heard, yesterday morning several state agencies, including the Department of Education, temporarily lost all online services because of an attempted ransomware attack. The Department’s website has been restored and is functioning properly. However, other Department systems, including CAFÉ portals, child care criminal background check portals, K-12 data systems, teacher certification portals, and the Electronic Grants Management System (eGMS), have not been fully restored. The state Office of Technology Services has been working for the last 24 hours to ensure all concerns have been addressed before bringing these systems back online.

Fortunately, to the best of our knowledge, school systems have not been impacted by this incident. State officials are aware of no devices outside of state agencies that have been infected by viruses related to this incident. We do ask that LEAs not log into statewide data systems such as SER, SIS, and PEP until further notice, as information uploaded may not be stored at this time and will likely be lost.

Individual offices at the Department will be in touch with staff within your school systems regarding upcoming deadlines that may be extended and upcoming webinars that may be rescheduled as a result of this incident. In the meantime, if you have questions related to this incident or other issues of cybersecurity, please contact Carol Mosley at edtech@la.gov.

As always, thank you for all you do for our children,

John

Assessment and Accountability

For District Testing Coordinators and Accountability Contacts

Important: English III EOC School System Administration Materials

- The English III EOC will no longer be available as a state-administered test. An English III test materials folder is now available on the secure FTP, which includes all materials needed to administer and score English III assessments provided three times yearly through a process determined by the school system. Included in the folder will be manuals that include specific directions.
- The End-of-Course (EOC) English III School System-Administered Test FAQ is now available in the DTC Resources area of the Assessment Library.
- Requests for braille forms of the test are provided as needed by the Department and should be addressed to assessment@la.gov.
- Please contact jennifer.baird@la.gov with questions.
Post-Data Certification Rosters
- Student-level rosters for all indices used in the calculation of school performance scores have been updated to include approved changes and voids and are now available on the secure FTP. As schools and school systems discuss the SPS with network leaders, the post-data certification rosters should be used to verify data. **Please note:** Corrections that should have been resolved during the data certification process cannot be used as grounds for an appeal or waiver of the SPS.

LEAP 2025
- Fall high school test setup is now open in the DRC INSIGHT portal. District and school test coordinators should create test administrator numbers, verify accommodations, and assign students to test sessions. **Please note:** Accountability codes should not be applied until the end of the window for initial testers. Accountability codes are not necessary for students who are retesters.
- Fall 2019 Test Administration and Test Coordinator manuals are now available in the DRC INSIGHT portal for printing and distribution to school test coordinators and test administrators.
- School systems must submit their fall LEAP 2025 high school test administration schedules for school to assessment@la.gov as soon as possible.

Special Education

Reminder: 2018-2019 Significant Disproportionality Results Released

Each year, federal regulations require the Department to analyze the likelihood that students with disabilities from one race or ethnicity will be subject to a certain outcome (over identification, restrictive placement, or exclusionary discipline), relative to students with disabilities from all other races and ethnicities, in each school system across the state.

School systems can now access their significant disproportionality results 2018-2019. If a school system is identified as significantly disproportionate, they must set aside 15 percent of their IDEA Part B funding for coordinated early intervening services (CEIS) in Super App for the 2020-2021 school year. Additional information about CEIS is available.

Please contact specialeducation@la.gov with questions.

New: 2019-2020 Teacher Roster Verification for VAM
Please share with principals.

The Curriculum Verification and Results (CVR) Reporting Portal roster verification ensures that teachers are assigned to the correct courses and classroom rosters of students for the purposes of value-added (VAM) analyses. The data in CVR will be used to calculate a teacher’s VAM score even if the teacher and/or principal do not verify the roster. Teachers instructing ELA, math, science, social studies (grades 4–8), and Algebra, Geometry, English I, and English II courses (all grades) should verify their rosters, as they are eligible to receive VAM scores.

November 1–December 13 (6 weeks): CVR Open for View-only
  ● Users can view and check the roster data for accuracy and make changes in the source data systems (SIS, CUR, PEP). The CVR Help Desk will be able to assist with any issues that a school system must correct in the source data systems.

An updated user guide for CVR is now available.

Please contact ldocvr@la.gov with questions regarding roster verification and compass@la.gov with general Compass related questions.

**Program Monitoring**

**New: SY 2019-2020 ESSA and IDEA Monitoring Rubrics Released**

The Department will continue to implement a risk-based monitoring selection process for federal program monitoring. The ESSA monitoring rubric will be made available to every school system assigned a letter grade. Additionally, the IDEA monitoring rubric will be made available to every school system assigned an LEA Determination. In most circumstances, school systems will receive two monitoring rubrics, ESSA, and IDEA.

The monitoring rubrics, which are the equivalent to a monitoring report card, provide a detailed preview of compliance factors and performance data analyzed to determine the most appropriate monitoring experience for school systems. Monitoring rubrics will be available for download via FTP tomorrow, November 20 and will be accessible until January 10. The Department reserves the right to make adjustments to monitoring rankings based on factors which may not be included on the rubric. For any school system selected to participate in program monitoring, a formal monitoring notification from an assigned Department monitoring team leader will follow.

Questions regarding ESSA monitoring rubrics should be directed to tasha.anthony@la.gov. Questions regarding IDEA monitoring rubrics should be directed to chauncey.carr-mcelwee@la.gov.
