# CHARTER SCHOOLS

**April 7, 2021**

Dear Colleagues,

Last week we received more good news as a result of your efforts to educate through this pandemic. LSU's Reilly Center for Media & Public Affairs [released the second in a series of five reports](#) from the 2021 Louisiana Survey. This annual survey tracks public sentiment about state government services, including our education system. This report found that 77 percent of families are satisfied with the instruction provided by their child's school during the pandemic. Good job! Families are our partners, and it's encouraging to see more data showing that they value the lengths teachers and leaders are going to provide a quality education.

Just over half of families felt that their children learned less over the past year than they would have in a normal year. Our educators have done hero's work during the pandemic, but we've known learning recovery would be needed since the beginning of this unprecedented event. School systems across the state are meeting this challenge with creative solutions like our [Accelerate tutoring initiative](#) or by rethinking how [summer learning programs](#) can be used to lift all students. Early last week we also launched [Achieve! and Believe!](#), resource libraries to support systems and early childhood centers as they utilize pandemic relief funds.

Thank you to our students, educators, leaders and families for working together with grace and flexibility throughout this pandemic. Together, we are meeting the challenge of the moment and stand ready to move our state forward.

Dr. Cade Brumley  
State Superintendent of Education

## Operations

### **Update to Contact Form: Emergency Preparedness and Recovery Contact Role**

[LDOE's Contact Form](#) has been updated to include an Emergency Preparedness and Recovery Contact role. LEA's are asked to add their Emergency Preparedness and Recovery Contact [to this form](#) by **May 1**. Access the Department's [guide](#) for assistance with completing the contact form.

The Department will host a webinar for these contacts at the start of hurricane season and will continue to meet with them throughout the year. During the initial webinar, LDOE will discuss the safety and care of students during emergency situations such as natural disasters or other potential hazards and will preview the Emergency Preparedness and Recovery Dashboard. This dashboard will be created to collect preparedness and recovery status information from each Emergency Preparedness and Recovery Contact that will enable LDOE to support LEAs with emergency management in Louisiana schools. Additional information, including webinar details, will be shared in the coming weeks.

Visit the Department's [Emergency Preparedness and Recovery webpage](#) to access emergency preparedness and recovery guidance and resources.

Please contact [LDOEcommunications@la.gov](mailto:LDOEcommunications@la.gov) with questions.

### **Implementation of Charter Communications Strategy**

Beginning April 12<sup>th</sup>, **all departments** at the LDOE who interact with any type of charter school operated across the state, will be communicating directly with charter school leadership and their authorizers regarding submissions and missed deadlines. As the LDOE charter team has significantly decreased staffing over the last year, and charter authorizers hold the accountability for the schools that they authorize, it will be critically important that the appropriate person in charge of charter accountability in each authorization office receive and work with their charter schools directly to ensure responsiveness to LDOE communications- particularly around submissions and deadlines.

All districts that also serve as charter authorizers are asked to reply to [charters@la.gov](mailto:charters@la.gov) **no later than COB Friday, April 9th**, with the name of the authorizing office/parish as well as the name and email address of the person in charge of charter accountability for that authorizer. Beginning Monday, April 12<sup>th</sup>, this person will receive LDOE communications regarding issues related to non-responsiveness and/or non-submission from charter schools that they authorize.

## Nutrition Support

### **USDA Child Nutrition Program Emergency Operational Costs Funding**

On March 15, the USDA Food and Nutrition Service (FNS) published additional [implementation guidance](#) and [Q&As](#) regarding the Child Nutrition Program Emergency Operational Costs programs. This guidance is in addition to the previous [guidance](#) and [Q&As](#) released by USDA on January 26. Under this authority, FNS is offering additional funds to State agencies administering the National School Lunch Program (NSLP), School Breakfast Program (SBP), and the Child and Adult Care Food Program (CACFP) to provide eligible program operators with additional reimbursements for emergency operating costs they incurred during the public health emergency. Eligible program operators will not be required to submit an application to receive the funds, which will be distributed according to the formula prescribed by FNS in the guidance.

Please contact [childnutritionprograms@la.gov](mailto:childnutritionprograms@la.gov) with questions.

Additional information may be found by accessing the Division of Nutrition Support [Memo SFS-21-x124](#).

## Equity, Inclusion, and Opportunities

### Special Education

#### **SPED Fellow Academy Applications**

[SPED Fellow](#) Academy is a year-long, comprehensive development program for novice special education leaders (administrators) across Louisiana. The program will provide in-person training, coaching, and a community of practice that will instill the knowledge and skills the next generation of leaders needs to lead and sustain change to improve outcomes for students with disabilities. Learning will cover topics such as strategic budgeting, stakeholder engagement, laws, and policies, leveraging data, leadership development including managing teams, and sustaining change. In addition to a robust curriculum, the program will support fellows in examining a systems-level problem of practice, developing a theory of action to address the problem of practice, and developing an action plan to lead systems-level change.

The Department encourages full-time administrators who are managing across these areas to [apply](#) between April 12 and May 14.

Please contact [rachel.brown@la.gov](mailto:rachel.brown@la.gov) with questions.

### School System Financial Services

#### **Maintenance of Effort (MOE) Fiscal Requirements**

**Please share with business managers and financial officials.**

Meeting yearly Maintenance of Effort (MOE) requirements are part of the business process to confirm compliance and determine eligibility of federal grant funds for ESSA and IDEA grants. ED requires an annual review that determines if each LEA: 1) has not decreased spending of general fund dollars, and 2) is budgeting expenditures to meet the MOE standards.

There are three MOE measurements submitted in the eGMS system:

- 2020 IDEA MOE Confirmation (Compliance) deadline for submission is **May 14**.
- 2022 ESSA MOE Verification updates are in progress and will be available in the near future.
- 2022 IDEA MOE Verification (Eligibility) updates are in progress and will be available in the near future.

#### **COVID Relief Funds and MOE**

Although school systems have received relief funds as a result of COVID-19, these funds do not affect the Maintenance of Effort requirements at the LEA level. LEAs are required to continue spending at levels to continue to meet all MOE requirements in accordance with previous federal regulations. Federal requirements have changed at the State level only.

## MOE Assistance

The [MOE Quick Reference Guide](#) is available to assist those new to the MOE submission process. A [Local Only Funds Calculator](#) is available to assist in completing the Local Only Funds section of the IDEA MOEs.

Those experiencing delays with MOE that are COVID-19 related or those with questions regarding the MOE review process are encouraged to contact [nakia.jason@la.gov](mailto:nakia.jason@la.gov). For technical inquiries or support, please contact [jason.berard@la.gov](mailto:jason.berard@la.gov).

### **Emergency Broadband Benefit for Families**

The Federal Communications Commission (FCC) has launched an [Emergency Broadband Benefit Program](#) to assist eligible households or school systems in paying for home internet services during the pandemic. This program is set to launch in mid to late April.

The Emergency Broadband Benefit will provide a single discount of up to \$50 per month toward broadband service being provided to eligible households and up to \$75 per month for households on Tribal lands. Eligible households can also receive a one-time discount of up to \$100 to purchase a laptop, desktop computer, or tablet from participating providers if they contribute \$10-\$50 toward the purchase price. In cases where the school system is purchasing home internet services for an eligible student, the school system can utilize the EBB discount to help defray the cost of service.

Households of students who currently attend a school that participated in the Community Eligibility Program (CEP) in 2019-2020 or 2020-2021 qualify for this discount. Additionally households of students who attend a school that participates in the National School Lunch Program (NSLP) and are receiving free or reduced-price meals also qualify. To assist families in determining if they qualify for the EBB program based on NSLP and CEP participation, the Department will be launching an eligibility and information [document](#) and providing updates as they are released by the FCC.

Please contact [edtech@la.gov](mailto:edtech@la.gov) with questions.
