Superintendent's Message

August 12, 2020

Dear Colleagues,

A handful of Louisiana systems welcomed students back last week. This week, more systems are reopening their doors to children. As we learned during a call with system leaders this past Friday, schools reopened last week without any major disruptions. Medical professionals from the Louisiana Department of Health and Ochsner joined us on the call. They were complimentary of the steps educators are taking to mitigate the spread of COVID-19. There will be challenges as you begin the school year. If COVID-19 is present in your community, it will likely be present in your schools. You developed a fluid reopening plan to guide you through these challenges. Follow your plan, continue to communicate with stakeholders and keep student and employee safety at the center of your decisions.

Most systems are reopening under a hybrid model that combines in-person and distance learning. This week we are releasing a tool that highlights best practices in virtual instruction. Nothing will fully replace the instruction and engagement students receive from a quality teacher in the classroom. With more time to plan and with the support of the Department, I’m confident virtual instruction will take a large step forward for our students and families this fall. These resources will be available on our Strong Start page Wednesday.

We’ve also updated our Strong Start resources for students with disabilities. The newest set of resources includes guidance for families, educators and direct service providers. School may look different this year, but our commitment to families and students remains steadfast. These resources will guide educators and families as they work to serve our students who need their support the most.

Thank you for continuing to lead during these uncertain times. Our students, families and educators need us now more than ever. Together, I know we can rise to this challenge.

Dr. Cade Brumley
State Superintendent of Education

### LEA Support

**Reopening Roundtable: A Virtual Series for Superintendents**

Superintendents and charter leaders are invited to participate in a Reopening Roundtable virtual series hosted by Dr. Brumley. This call will be held at **[a.m., each Friday](#)** during the month of August and will continue monthly beginning in September. Every week a panel of system leaders will share their experiences reopening and operating schools during the health crisis. It’s important that the Department is a support agency during these uncertain times, and this series will help facilitate discussions of best practices. Information needed to join this series is included below.

- **Webinar Date and Time:** August 14 at 9 a.m.
- **Webinar Link:** [https://ldoe.zoom.us/j/97826043901](https://ldoe.zoom.us/j/97826043901)
- **Webinar Password:** 5v7Dwq
Please enter your full name and school system name when logging in.

**Strong Start 2020: Virtual Teaching and Learning Guidance**

The Louisiana Virtual Instruction Guide will be released this week. It is designed for educators and outlines the expectations for teaching and learning in a virtual setting.

The guide outlines the expectations of four characteristics of high-quality virtual instruction for students in grades pre-K through 12:

- High-quality, standards-aligned curriculum
- Interactive, engaging instruction
- Monitoring student progress
- Student support

A Louisiana Virtual Instruction Guide for Parents will also be released this week.

Please contact districtsupport@la.gov with questions.

**Reminder: Charter Contact Information for Type 2, 4, and 5's**

**Audience:** CEOs/School Leaders, Board Presidents

In an effort to ensure that we have the most accurate contact information for our charter boards, charter management organizations, and school sites the LDE collects this information annually. A link to the survey has been sent via e-mail to each of our BESE authorized schools. The survey is to be submitted by Friday, August 28th.

Please contact kelly.dimarco@la.gov or erica.spencer@la.gov with questions.

**Reminder: Every Child Counts - 2020 Census**

Every home has received an invitation to participate in the 2020 Census. Louisiana's self-response rate is just under 57 percent, which is below the national average. There are a number of parishes where the rate is in the 30s and 20s. Please consider using your system's communications channels to encourage employees, families and other stakeholders to complete the 2020 Census.

The 2020 Census count impacts the federal funds that communities receive each year for programs and services that are critical for schools, students and younger children, such as:

- Special education, Head Start, after-school programs, and classroom technology
- Food assistance, including free and reduced-price school lunches
- Maternal and child health programs
- Planning, preparedness and recovery efforts for national emergencies, including COVID-19

Self-responses, which can be completed online, by phone or by mail until September 30, ensures federal funding to support Louisiana students.

The Department encourages school systems to explore the 2020 Census Toolbox to find general resources and activities specially designed to be engaging and appropriate for each grade level, from counting for kindergarteners to examining career statistics for high schoolers.

Please contact doecommunications@la.gov with questions.

**Reminder: Updated Guidance for Criminal Background Checks for Service Providers in K-12**

All K-12 essential visitors and contractors, including mental health consultants and special education service providers, must have a child care criminal background check (CCBC) in order to provide services at an early learning center and a registered in-home or family home provider. The background checks approved by the school systems for K-12 purposes are not acceptable for child care security purposes.

Please contact LDElicensing@la.gov with questions.

**Reminder: 2020-2021 Reopening and Operations Resource Updates**

**New: Continuous Learning Updates for Social Studies**

Please share with social studies supervisors, administrators and social studies teachers.

For unit 2 distance learning packets, the teacher materials and student materials sections will be separated. The teacher materials have been **password protected** to help ensure only teachers have access to the answer keys. For more information on distance learning packets, see below.

In an effort to provide standards-aligned content experiences and enable continuous learning in the event of school facility closures at the beginning of the 2020-2021 school year, [distance learning packets](https://ldoe.zoom.us/j/91419461028) are being developed for each course in grades 3-8 and US History for units 1 and 2. The packets do not cover the entire content of the unit but instead focus on a key topic. Teachers can use the packets as a cornerstone to build materials for additional content coverage. The materials are designed to be low tech but can be adapted for schools using an online learning platform. The Department will evaluate the need for more distance learning support...
throughout the 2020-2021 school year. Unit 2 packets will be released on a rolling basis from now until September and will be posted on the [K-12 Social Studies Resources](https://k-12.louisiana.gov/) page when completed.

**Reminder: Certified Nurse Aide (CNA) Resumption of Training**

Please share with school system secondary supervisors, career and technical education supervisors/coordinators and CNA instructors.

Louisiana Department of Health (LDH) regularly updates the health standards section of their website with information regarding
effects of COVID-19 on Nurse Aide Training programs. Several key updates are available for Nurse Aide Training programs relative to the resumption of training.

- Prior to beginning a new class, written verification from the nursing home that students will be allowed to complete clinical training during the COVID crisis should be acquired and submitted to HSS-CNA-DSW-Request@la.gov.
- Centers for Medicare & Medicaid Services (CMS) has mandated that nursing homes conduct weekly COVID testing of all residents and employees. Students are considered employees and will, therefore, require weekly testing.
- Please notify the LDH Program Desk of nursing facilities that are unable/unwilling to accommodate students. While it is certainly the right of the facility to restrict students, the LDH would like to ensure the reason is not due to misinformation regarding current recommendations related to the pandemic.

Please notify the program manager of any decisions to place the program on hold or close at ash-leigh.garcia@la.gov.

Please contact jumpstart@la.gov with questions.

Finance

Reminder: Online Fiscal Monitoring of Federal Grant Programs for Fiscal Year 2020

Fiscal monitoring of federal grant programs allocated for FY 2019-2020 will be conducted via the eGrants Management System (eGMS). The Office of State Education Finance and Policy audit staff will contact business managers of selected school systems from August through October to discuss the scope of the fiscal monitoring audit.

Each business manager and federal programs coordinator should act as liaison between the auditing staff and any other school system personnel involved in the monitoring process. It will be necessary that business managers and the appropriate federal program staff be available to the auditors throughout the monitoring process. Please remember that failure to provide needed documentation will result in questioned costs and the possible need to refund grant awarded dollars to the Department.

Due to COVID-19 limitations, all monitoring will be conducted as desk reviews that will require school system staff to upload supportive documentation to the eGMS system. The audit staff will provide guidance for managing the fiscal monitoring application in eGMS during the official engagement.

Please contact nakia.jason@la.gov with questions.
