

CHARTER SCHOOLS

November 20, 2019

Superintendent's Message

Dear Colleagues,

As you may have read or heard, earlier this week several state agencies, including the Department of Education, temporarily lost all online services because of an attempted ransomware attack. The Department's website has been restored and is functioning properly. However, other Department systems, including CAFÉ portals, child care criminal background check portals, K-12 data systems, teacher certification portals, and the Electronic Grants Management System (eGMS), have not been fully restored. The state Office of Technology Services has been working for the last 24 hours to ensure all concerns have been addressed before bringing these systems back online.

Fortunately, to the best of our knowledge, school systems have not been impacted by this incident. State officials are aware of no devices outside of state agencies that have been infected by viruses related to this incident. We do ask that LEAs not log into statewide data systems such as SER, SIS, and PEP until further notice, as information uploaded may not be stored at this time and will likely be lost.

Individual offices at the Department will be in touch with staff within your school systems regarding upcoming deadlines that may be extended and upcoming webinars that may be rescheduled as a result of this incident. In the meantime, if you have questions related to this incident or other issues of cybersecurity, please contact Carol Mosley at edtech@la.gov.

As always, thank you for all you do for our children,

John

New: 2019-2020 Teacher Roster Verification for VAM

Please share with principals.

Teachers instructing ELA, math, science, social studies (grades 4-8), and Algebra, Geometry, English I, and English II courses (all grades) should verify their rosters, as they are eligible to receive VAM scores.
