April 11, 2023

Dear Colleagues,

Military members and military-connected families make many sacrifices for the security and safety of our nation. This includes military-connected children. April is the Month of the Military Child or “Purple Up! For Military Kids.” Across the nation, states and school systems will celebrate the important role of military children and their families.

Louisiana is proud to celebrate, honor, and recognize their courage and resilience. I’m inviting the entire education community to join the Louisiana Department of Education and Purple Up! on April 18. Wear purple to show support for the strength and sacrifice of our military children and families. If your system or school is on social media, tag the LDOE in your posts and we will share some of your celebrations.

I also want to encourage you to apply to become a Purple Star School. This award recognizes schools that show a major commitment to serving students and families connected to the United States Armed Forces. Please reach out to highschoolacademics@la.gov with any questions.

Please join me in thanking our military children for their strength and sacrifice by supporting “Purple Up! For Military Kids” this month – they deserve our support!

Dr. Cade Brumley

2022 – 2023 School Year Material & Non-Material Amendment Submission Deadlines
Please share this reminder with school and system leaders, Charter Board Point of Contact, Charter Board President, and Primary Charter Contact for LDOE.

Material Amendment requests may be submitted at any time. Please note that material amendments that require BESE approval may take several months to process depending on the complexity of the request.

Material Amendments are considered at the School Innovation and Turnaround Committee (SIT) meetings and then ratified by the full BESE Board following approval or denial of the request. For an item to be considered at the SIT Committee in the months outlined below, it is imperative that items are received by the Charter Accountability team by the dates listed below.

Failure to submit items by the dates listed in the table below may result in delays in consideration and/or the inability to agendize the material amendment request at the desired BESE meeting.

Please share this reminder with school and system leaders, Charter Board Point of Contact, Charter Board President, and Primary Charter Contact for LDOE.

The Louisiana Department of Education (LDOE) has launched a Charter Board Governance Program in an effort to provide consultancy, intervention, robust professional development, and collaborative mentoring opportunities designed to support school leaders and charter board member efficacy at no cost to Charter Boards. Services will be provided by a proven vendor.

The program has three pathways:

- **Pathway 1 (Charter Board Collaboration-Mini Conference)**

    - Components of Effective Governance
    - Finance and Academics
    - Regional Governance, Charter Authorization, and Legal/Ethical Compliance
    - Communications and Advocacy

- **Pathway 2 (Full Board Consultancy)**
  - Full board support through consultancy work that may involve activities such as observing board meetings to determine current capacity and provide feedback on an individual basis; potentially through a needs assessment, observing meetings and scheduling board retreats to increase the effectiveness of the whole board.

- **Pathway 3 (Individual Board Member Capacity Building)**
  - Individual capacity building through well-designed coaching sessions based on individual needs and goals. Individual board members will self-select development opportunities that would assist them with acquiring the necessary tools and resources to ensure compliance and efficacy in decision-making.
